EUROCUP REGULATIONS

CHAPTER I

General Regulations

Article 1. Structure, Management and Organisation of the Competition

- 1.1.** Euroleague Commercial Assets S.A. is the limited liability company (hereinafter “ECA”), acting pursuant to Luxembourg law, with registered office in 17, rue Beaumont, L-1219 Luxemburg, the shareholders of which are the licensed clubs participating in the EuroLeague competition and a number of leagues. It is governed by its Statutes and the resolutions of its governing bodies.

The General Assembly, which will meet at least once a year, is the ECA body of representation and governance, where the ECA shareholders meet together with the associated clubs – which are the member associations and clubs that participate in the Euroleague Basketball competitions with an annual licence and have the right to participate in the General Assembly with no voting rights – which is responsible for the general supervision of the issues regarding the Euroleague Basketball competitions, ensures the coordination of the clubs and has the authority to make decisions and confer functions to other bodies.

On 7 July 2016 the General Assembly constituted the EuroCup Board and granted it the duties to submit proposals and recommendations regarding the EuroCup to the General Assembly and to exercise any further functions conferred on it by the General Assembly. The EuroCup Board consists of the following members, elected by the General Assembly, for a three-year term office:

- Three representatives of the associated clubs that participate in the EuroCup.
- Three representatives of the leagues that are ECA shareholders.
- The Chief Executive Officer, who will act as chairman of the EuroCup Board. The chairman is only empowered to vote in the event of equality of votes, in which case they will have the casting vote only.

- In case of a vacancy in the EuroCup Board, the Chief Executive Officer may appoint a substitute that will be submitted for approval in the first General Assembly meeting to be held.

- 1.2. The EuroCup will be governed, managed, administered and developed by Euroleague Properties S.A. or any of its relevant permitted successors, licensees or assignees (hereinafter “EP”). EP is the limited liability company responsible for managing and organising the EuroLeague and EuroCup competitions (hereinafter “Euroleague Basketball competitions”), as well as for commercialising the properties of these competitions (to deal with the promotion and development of the commercial activities linked to these competitions), in accordance with what is established in the relevant Bylaws.
- 1.3. Euroleague Properties S.A. has designated the company Euroleague Entertainment & Services, S.L.U. (hereinafter the “Company”) as the body responsible for the management and administrative organisation of the EuroCup competition.
- 1.4. The Chief Executive Officer of the Company (hereinafter “Euroleague Basketball CEO”) will be the executive responsible for governing, managing and administering the EuroCup competition, for adopting the necessary regulations, agreements and resolutions for the smooth running of the competition, and for the delegating where deemed necessary in accordance with the organisation chart of the Company.
- 1.5. The clubs must adhere to these Regulations and any future modifications, amendments and derogations thereto, as well as to other applicable resolutions.
- 1.6. The Company will set up an office, the “Euroleague Basketball office”, which will be the unit of operation and administrative assistance for the undertaking of the objectives of the EuroCup. It is understood that all administrative procedures the participating clubs have in relation to their participation in the competition, will be carried out with the Company.

Article 2. Official Season

The official basketball season will start on 1 July and will end on 30 June of the following year.

Article 3. Clubs in the Competition: Selection and Substitution Criteria

3.1. The places in the EuroCup for the 2017–18 season will be allocated following the chart of Appendix I to these Regulations, once the places in the EuroLeague Regular Season have been assigned.

3.2. 24 clubs will play the EuroCup. The clubs qualifying through their domestic championship will be selected according to the final standings in the previous season after the Playoffs.

The clubs from countries participating in the ABA League will be selected for the EuroCup according to the final standings of the ABA League.

3.3. If a selected club renounces its participation in the competition or does not fulfil the requirements for participating, a vacancy will arise. In this case the Company will decide on the convenience of allocating this vacancy to another club, without any restrictions other than the fulfilment of the requirements stipulated for the participation in the EuroCup, or on not filling the vacancy.

3.4. If, after having registered in or having been admitted to the EuroCup, a club renounces its participation, fails to comply with the requirements for participation or withdraws from the EuroCup in any of its phases, it will lose all the amounts it has paid in the registration procedure, if any, and will be subject to the opening of a possible disciplinary proceeding and liable for any further damages. Additionally, the club acknowledges and accepts that any future entitlement to be registered in the following editions of the Euroleague Basketball competitions will not grant the club an automatic right to be registered or admitted therein.

Article 4. Participants and Club Headquarters

4.1. The clubs selected for participating must adhere to these Regulations and any future modifications, amendments and derogations thereto and other applicable resolutions.

4.2. The clubs, players, coaches, team followers, officials, referee coaches, Euroleague Basketball delegates and unified scorers who wish to participate in the EuroCup must register in compliance with these Regulations.

4.3. To all the effects provided in these Regulations, the club's headquarters will be considered as the place where the club has its registered address.

CHAPTER II

Registration of Clubs

Article 5. Requirements for Registration

Valid annual registration in the competition will require compliance with the following:

- a) Fulfil the criteria established for the selection of clubs (see Article 3).
- b) Underwriting of the official model of the Licence Contract (Appendix III to the EuroCup Regulations).
- c) Participation in the domestic championship, unless an exception is approved by EP if the club is prevented from participating in the domestic championship against its will.
- d) Provision of an express declaration of sound financial position of the club, stating the following:
 - The club does not have any overdue payables with former or registered players, coaches and/or employees, any other club participating in the Euroleague Basketball competitions, EP and/or the Company, and/or any tax or social authorities, unless a write-off plan has been approved by the Company.
 - The club has not been formally declared bankrupt or insolvent by a competent body in its home country, has not entered into liquidation or dissolution or any similar proceeding affecting the ordinary course of its activity, or is not in a situation in which it is obliged under law to file an insolvency proceeding or be entered into liquidation or dissolution, winding up or any similar proceeding in its jurisdiction.

This declaration will follow the model shown in Appendix VI and will be certified by an auditing firm.

- e) Provision of an express declaration of sound legal position of the club, stating that the club, its managers and/or employees do not fall into the incompatibility situations established in Appendix VII.

- f) Payment of the amount of the annual registration fee established by EP, for the annual rendering of services for the organisation of the games of the EuroCup competition that will take place in the arena of the club.
- g) Provision of a security deposit and/or fulfilment of any other financial provision established by EP.
- h) Provision of documents to demonstrate that the club complies with the requirements set forth by the rules of the game and these Regulations.
- i) Provision of a document to demonstrate the existence of an international airport at a maximum distance of 150km by road from the arena, with enough daily flights to allow the visiting team and officials to have access to the arena without significant disruption to their schedule. Fast high-quality train transport within the area may be exceptionally authorised.
- j) Submission of documents including the Arena Short Form to demonstrate that the club has use of an arena to hold its home games with a minimum capacity for 2,500 seated spectators, which is less than a four-hour commercial flight from Frankfurt and with all necessary technical elements duly approved for the game of basketball, as well as all other requirements set forth in these Regulations. Only in exceptional cases, the club may request the authorisation from the Euroleague Basketball CEO to use another arena that replaces the first one in the case that it cannot be used. Both must comply with the provisions of these Regulations. If requested by the Company, the documents that the club submits concerning its arena(s) will require the approval from its league. The club must also send the digital photographs of key areas of the arena as requested by the Company, including but not limited to the team bench area, scorer's table area, arena seating area, media in-arena seating area, locker rooms, doping control room, press conference room, hospitality area, and any other areas that have been renovated in the previous two years.
- k) Provision of documents to demonstrate the availability of a minimum number of two 4 star hotels within the city area where the arena is placed.
- l) Submission of the Club Pre-Registration Form duly completed in all boxes and signed.
- m) There must be no overdue payables with EP and/or the Company.

Article 6. Period and Procedures for Admission

- 6.1.** The period for the clubs to present documents to the Euroleague Basketball office for registration will end on 30 April for their participation the following season. If this day were to be a holiday, the deadline would be the following working day. In the event that on this date it is not possible to register the teams because the domestic competitions have not finished, the Euroleague Basketball CEO may set another date.
- 6.2.** The Company may reject the registration of a club in the event that a sanction for not honouring a BAT Award is in force, banning the club from registering new players coming from other countries and/or participating in international club competitions.
- 6.3.** The Company will approve or reject the registration of a club once it has been verified that the requirements set forth in these Regulations have been fulfilled.
- 6.4.** If the Company should find a formal omission in the documentation, it may grant a period of no more than fifteen calendar days for the club to correct it.
- 6.5.** The registration will be rejected if the requirements are not fulfilled or when the formal omissions have not been corrected within the given time.
- 6.6.** If the club fails to comply with the requirement set forth in Article 5 d), the Company may evaluate its financial situation through an auditing firm.

In this case, the possibility for the club to follow an alternative write-off plan or a debt recovery plan to overcome the insolvency situation within a reasonable deadline will be taken into account for the purpose of accepting a provisional registration of the club.

- 6.7.** As stated in Article 3.3, should a vacancy become available in the competition, either because of a club's refusal, through the provisions of Article 6.5, or due to a disciplinary sanction, the Company will decide on the advisability of a substitution, and if recommendable, on the appropriate procedure for selecting the substitute.

Article 7. Name of the Team

- 7.1.** The clubs may register their team in the competition with either the name of the sports entity (the club) or its trade name, or with that of

the title or naming or presenting sponsor, with both of them or the name of the city only, depending on the club's decision. In all cases, the name of the city must be included in English in the name of the team. This name, which must be written in Latin characters, will be the official one in regard to all effects related to or derived from the competition. Should two or more clubs request to register their team with the name of the same city only, the Company will have full discretion to ask them to make all the necessary modifications to avoid any likelihood of confusion.

- 7.2. The name of one commercial company at most may appear in the name of the team, without detriment to what is provided in Article 56 that governs advertising exposure on the playing uniforms.
- 7.3. No change in the name of the team will be allowed after 31 July. In whatever case, the prior approval of the Company will be required before proceeding to the change. If a change is made after the mentioned deadline, the club will pay for all related costs for its implementation on all platforms. Implementations will be made by the deadlines determined by the Company.

CHAPTER III

Registration of Teams

Article 8. Documentation and Periods

- 8.1.** The clubs must register their members through the Euroleague Basketball registration platform together with the documentation necessary to apply for registration of their teams in the competition, including a minimum of 10 players, by 15 September. The registration documents, including a minimum of 13 players and the other team members, must be submitted, through the Euroleague Basketball registration platform, one week before the first Regular Season game. Any addition or change in the roster after the registration documents have been completed one week before the start of the season will be computed within the maximum number of players allowed during the entire season. Each individual must sign the registration documents. Within the registration documents, the clubs will include the name and surname of the team members to be used in all public communications, as well as the name or alias to be included on the back of the playing uniform, which may differ from the name featured in their passport. The name on the playing uniform and alias will have to be approved by the Company before being used, and cannot be changed during the entire season. It is highly recommended that the alias does not change during the entire career of the player.
- 8.2.** The registration documents of each team will include the following members:
- a) A minimum of 13 and a maximum of 16 players
 - b) One head coach
 - c) A maximum of three assistant coaches
 - d) One team manager
 - e) One doctor
 - f) A maximum of three additional team followers

8.3. The position of coach, player or team follower will not be compatible with a managerial or executive position in the club if the person holding this managerial or executive position attends EuroCup clubs meetings as a club representative.

8.4. During the Regular Season and Top 16, player additions to the team roster may be made up to Top 16 Round 1. The deadline is the Tuesday immediately prior to each round at 18:00 CET. There is an additional period for player additions to the team roster during the Tuesday immediately prior to Top 16 Round 4, up to 18:00 CET.

The maximum number of players that may be registered in a team during the entire season will be 20, commencing one week before the first Regular Season game when the registration documents are submitted. At no time may there be more than 16 players registered simultaneously. During these periods, changes will be allowed until 18:00 (CET) on the Tuesday immediately prior to the round in question.

These deadlines refer to the arrival of the documentation at the Euroleague Basketball office.

8.5. During the same season, a player registered in the competition may only transfer to another EuroCup club once: during the period between the end of the Regular Season and 18:00 CET on the Tuesday prior to the beginning of Round 1 of the Top 16. To these effects, a club no longer participating in the competition is not considered a EuroCup club.

8.6. During the competition, the clubs will be obligated to communicate all player transactions, indicating whether a player release is temporary (for example, in the case of a short term injury) or permanent, the same day that they occur. The clubs will also be obligated to report all player injuries to the Company, classifying the cause of the injury, as well as documenting the number of days when team practices have been missed.

8.7. For the other team members included in the registration documents, new registrations or replacements will be allowed until 18:00 (CET) on the day before the calendar date for the game in question. These deadlines refer to the arrival of the documentation at the Euroleague Basketball office.

8.8. In addition to the registration documents, on the same date, or on a previous one as determined by the Euroleague Basketball CEO, the clubs must indicate:

- a) The name of the person designated as arena coordinator for their home games.
- b) Any other information that may be required in relation to the club's participation requirements.

Article 9. Players

9.1. Only those players who are duly registered with their clubs will be entitled to participate.

9.2. The minimum of 13 registered players applies during the entire season.

9.3. The clubs must submit the following documents through the Euroleague Basketball registration platform:

- Individual Registration Form.
- Letter(s) of Clearance.
- Passport(s) showing the full names of the player [and, if applicable, his former name(s)], date and place of birth, nationality and date of expiry.
- Contract signed by the club and the player together with the appendix to the contract, the model of which is included as Appendix XV to these Regulations, both duly signed by the club and the player.
- Any other documents required by the Company in order to guarantee the fulfilment of these Regulations.

Under no circumstances will documents received in any language other than English be accepted. The sworn translation into English of documents originally written in another language will be submitted.

The Company may request original documents when it considers it essential.

9.4. A minimum of 10 and a maximum of 12 players may be registered on the scoresheet of each game. These must be present, appropriately dressed and fit to play.

- 9.5. Any players who are registered with their club and not included on the scoresheet of a game may sit in the team bench area in street clothes, only if they do not exceed the total maximum number of people allowed to sit on the team bench, and will be entered on the reverse side of the scoresheet. Their participation in the game will be the same as a team follower.
- 9.6. The participation of a player not included in the registration documents approved by the Company will be considered as an improper fielding of a player.
- 9.7. A player registration request will be answered within a maximum period of five days from the time the request has been submitted. A request may be rejected in the event that the club has any overdue payables with the Company.
- 9.8. A player will not be allowed to play simultaneously for two different clubs, even if they are from different competitions. The exceptions are those players that can play with two teams of different category in their country, in accordance with the internal rules of the domestic championship. In all cases, the player must be registered for the EuroCup competition and be authorised by the Company. When registering the player, the club will provide the documents supporting this circumstance.
- 9.9. The clubs may register under 20-year-old players (U20 players) provided that they abide by what is set forth in Article 9.8, without any limitation on the number of U20 players. The registration of U20 players will not have an impact on the maximum number of players registered by the club during the entire season stated in Article 8.4.

Article 10. Coaches and Team Followers

- 10.1. The club must state which coach is the Head Coach, and the others will be assistant coaches.
- The club must submit the contract with the head coach together with its relevant appendix, the model of which is included as Appendix XV to these Regulations, both duly signed by the club and the head coach.
- 10.2. Each club must register at least one team manager and one doctor, who will be considered as team followers.
- 10.3. The team manager will be responsible for submitting the Authorisation List and the Game List, both duly completed, to the

Euroleague Basketball delegate at least 40 minutes before the tip-off time of the game.

Article 11. Arena Coordinator

- 11.1.** During home games, the arena coordinator will be responsible for:
- a) Ensuring that all arena elements are set up according to these Regulations and that connections are working properly.
 - b) Meeting the doping control officers and accompanying them to the doping control room prior to the game.
 - c) Maintaining order in the playing court area, requesting the necessary intervention of security personnel before, during and after the game.
- 11.2.** The arena coordinator must be able to communicate fluently in English and the local language.
- 11.3.** The position of arena coordinator will not be compatible either with any team follower position, any managerial position with another specific task during home games, or with the club representative position at meetings.

Article 12. Registration of Coaches, Team Followers, Arena Coordinator and Unified Scorers

To register the coaches, team followers, arena coordinator and/or unified scorers, the club must upload to the Euroleague Basketball registration platform a scanned copy of each of their passports.

Additionally, when registering the arena coordinator and the unified scorers, the club must provide their email addresses and mobile phone numbers.

Article 13. Team Member Authorisation

After all the documents required in this chapter have been submitted and approved, the Company will provide the corresponding Authorisation List.

Article 14. Disputes

The clubs or players/coaches will inform the Company in the event of dispute related to the breach or termination of their employment contracts, and will keep the Company updated of any change in the status of the dispute.

Euroleague Basketball will hold an updated list of active disputes available, upon request, to clubs, players or coaches registered in the Euroleague Basketball competitions.

The fact that a player or coach has an active dispute with a club may not prevent his registration with a club participating in the Euroleague Basketball competitions.

In the case that a player/coach is required to pay compensation to a club by a binding decision or by a settlement agreement, the player/coach and the new club that has hired him will be jointly and severally liable for its payment.

The Company may deduct from and accrue to the economic distribution of the clubs any amounts owed as a consequence of the aforementioned joint and several liability of a club participating in the Euroleague Basketball competitions.

Article 15. Mediation Regulation

In the event of any dispute between clubs (participating in the EuroLeague and/or the EuroCup) arising out of or in connection with the hiring and transfer of a player or coach, or between a club and a player or coach related to the breach or termination of an agreement, the clubs and the player or coach concerned must submit the matter to amicable settlement proceedings under the Mediation Regulation, included as Appendix XI to these Regulations, prior to resorting to any other authority or mechanism of adjudication or settlement.

In the event of any prior compulsory proceeding as per the internal regulations of a country, the parties will inform Euroleague Basketball of the result of the dispute.

CHAPTER IV

Competition

Article 16. Competition System

24 teams will participate. The competition will be played in five different phases as follows: Regular Season, Top 16, Quarterfinals, Semifinals and Finals.

16.1. Regular Season

16.1.1. Regular Season Draw

A draw will be held to determine the groups to which the different teams will be assigned for the Regular Season. The draw will be public. The Company will decide on the venue where the draw will take place.

The Company will approve the rules for the draw and any further modifications (enclosed as Appendix V to these Regulations).

The calendar within each group will be established through a random computer draw.

16.1.2. System of Play

The 24 teams will be divided into four groups (A, B, C, D,) of six teams each by means of a draw. The draw will take into account the participating countries and the results obtained by the teams in the preceding season. The teams from the same country cannot coincide in the same group, except for the countries with five or more teams in the competition, in which case two teams will coincide in the same group.

Each group will play a round-robin format (each team against all the others both home and away).

16.1.3. Regular Season Standings

After each round and at the end of the Regular Season, a standing will be established in each group based on the number of games won by each team, with ties being resolved according to what is provided in Article 17.

At the end of the Regular Season, the top four teams from each group will move on to the next phase. The rest of the teams will be eliminated from the competition.

16.2. Top 16

16.2.1. System of Play

The 16 qualified teams will be divided into four groups (E,F,G,H) of four teams each. Each group will play a round-robin format (each team against all the others both home and away). The teams will be placed in their respective groups in the following manner:

GROUP E:

1st Group A / 2nd Group B / 3rd Group C / 4th Group D

GROUP F:

1st Group B / 2nd Group C / 3rd Group D / 4th Group A

GROUP G:

1st Group C / 2nd Group D / 3rd Group A / 4th Group B

GROUP H:

1st Group D / 2nd Group A / 3rd Group B / 4th Group C

The calendar within each group will be established through a random computer draw.

16.2.2. Top 16 Standings

After each round and at the end of the Top 16, a standing will be established in each group based on the number of games won by each team, with ties being resolved according to what is provided in Article 17.

At the end of the Top 16, the top two teams from each group will move on to the Quarterfinals. The rest of the teams will be eliminated from the competition.

16.3. Quarterfinals

The eight qualified teams from the Top 16 will play the Quarterfinals in a best of three games format.

The team finishing in the higher Top 16 place will play the first and third game of each match-up at home.

Quarterfinal A: 1st Group E vs 2nd Group G

Quarterfinal B: 1st Group F vs 2nd Group H

Quarterfinal C: 1st Group G vs 2nd Group E

Quarterfinal D: 1st Group H vs 2nd Group F

The winners of the Quarterfinals will move on to the Semifinals. The losers of the Quarterfinals will be eliminated from the competition.

16.4. Semifinals

The four qualified teams from the Quarterfinals will play the Semifinals.

The Semifinals will be played in a best of three games format. The team finishing in the higher Top 16 place will play the first and third game of each match-up at home. In case both teams finished in the same Top 16 place, the team with the highest number of Top 16 victories will play the first and third game of each match-up at home. In case of a tie, the team with a greatest Top 16 goal difference will play the first and third game of each match-up at home. In case of a tie, Article 17.4.1 will be applied to break the tie.

Semifinal A:

Winner of Quarterfinal A – Winner of Quarterfinal B

Semifinal B:

Winner of Quarterfinal C – Winner of Quarterfinal D

The winners of the Semifinals will move on to the Finals. The losers of the Semifinals will be eliminated from the competition.

16.5. Finals

16.5.1. System of Play

The two qualified teams from the Semifinals will play the Finals.

The Finals will be played in a best of three games format. The team finishing in the highest Top 16 place will play the first and third game of each match-up at home. In the case that both teams finish in the same Top 16 place, the team with the highest number of Top 16 victories will play the first and third game of each match-up at home. In case of a tie, the team with a greatest Top 16 goal difference will play the first and third game of each match-up at home. In case of a tie, Article 17.4.1 will be applied to break the tie.

Finals:
Winner of Semifinal A – Winner of Semifinal B

16.5.2. General Principles

The Finals will be considered as a whole in terms of organisation, and the Company will be responsible for organising them.

Responsibilities related to the organisation of the Finals may be delegated to each of the home clubs only under the supervision and approval of the Company with the understanding that the progress and results will remain subject to the supervision and approval of the Company.

EP will be the owner of all audiovisual, advertising, ticketing and marketing rights for the Finals event. Nonetheless, the Company is authorised to establish the system for transferring a part of these commercial rights, except for the audiovisual rights, to the home clubs.

The home club will enable the Company to carry out various activities both inside and outside the venues with the goal of promoting and commercialising the Finals. The Company will in any case supervise all decisions related to communication, advertising and public relations.

At the Company's request, the clubs will provide the Company with all the information regarding its fans attending the Finals, such as their profile, travel plans and accommodation, as well as any other information that the Company considers necessary for the smooth running of the event. The clubs will also follow the instructions of the Company concerning the trip of the fans to the arena and the city area where they should be accommodated.

The Company will establish the rules that the clubs participating in the Finals must fulfil. These rules include but are not limited to the following areas:

- a) Game and practice schedules.
- b) Playing uniform colours.
- c) Accreditation and invitation system for the game and other activities organised during the event.
- d) Use of the Finals logos.

- e) Means of transport (including arrival and departure dates) and accommodation in the host city of the Finals.
- f) Activities that require the participation of the clubs, their players, coaches and representatives.
- g) Requirements of EuroCupbasketball.com and other media.
- h) Number of tickets reserved for each participating club and their location in the arena, as well as the deadlines for acquiring them.
- i) Attendance at Finals meetings.
- j) The necessary security personnel that the home club must provide to guarantee, under the supervision of the Company, the smooth running of the games and ancillary activities.

16.6. EuroCup Champion

The EuroCup champion will earn a one year EuroLeague licence for the next season, provided that it fulfils the requirements established in the EuroLeague Bylaws and any subsequent modifications thereto, except in the event that the EuroLeague champion of the same season does not hold a licence to participate in the EuroLeague. In this case the EuroCup champion will qualify to play the EuroCup for the next season.

Article 17. Tie Breakers

- 17.1.** Should a team have been sanctioned with the loss of a game or points or victories discounted from its standing by the disciplinary bodies on its season record, this team will occupy, in any case, the last place of all the teams with whom it may be tied in victories.
- 17.2.** Should one of the tied teams have fewer games, this team will occupy the first place of all the teams tied with the same number of victories, without prejudice to what is provided in Article 17.1.
- 17.3.** Applying the same criteria, should there be two or more teams that have played fewer games than other teams involved in the tie, they will receive the higher ranking, and ties between two or more such teams will be resolved according to the following paragraphs.

17.4. When establishing the ranking at the end of a round or at the end of a phase of the competition, and when the home advantage has to be determined for the Quarterfinals and there are two or more teams tied in the number of victories, the following will be applied, without detriment to what is provided in the three previous paragraphs (for Quarterfinals, Semifinals and Finals, only games from the Top 16 phase are to be applied):

17.4.1. When the tied teams have not met or they have only done so on one occasion.

- a) Should the tie in the number of victories occur between teams that, being from different groups or not having finished the phase in question, have not faced all the other teams or have met only once, the tie will be resolved, firstly, by the greatest goal difference (score difference), considering all the games played in that phase. If the tie is not entirely resolved, the ranking of those that are still tied will be resolved by the greatest number of points scored, taking into account all the games played in that phase.
- b) Should the tie persist, the goal average (sum of the quotients of points in favour divided by points against) of each game played in that phase will be determined for each team, and the teams will be ranked according to this number, with the team with the higher number being awarded the higher ranking.

17.4.2. When all of the tied teams have met twice, both home and away:

I) WHEN ONLY TWO TEAMS ARE TIED

- a) The ranking will be established taking into account firstly the number of victories in the games played between them, with the winner being the one with the most victories. If the two teams have the same number of victories, the tie will be resolved by the goal difference in the games played between them. Should the tie persist, the tie will be broken by taking into account all the games played in the current phase of competition firstly by using the overall goal difference and then, if necessary, the greatest number of points scored.
- b) Should the tie persist, the goal average of each game played in that phase will be determined for each team, and the teams will be ranked according to this number, with the team with the higher number being awarded the higher ranking.

II) WHEN MORE THAN TWO TEAMS ARE TIED

- a) The ranking will be established taking into account the victories obtained in the games played only among them. Should the tie persist among some, but not all, of the teams, the ranking of the teams still tied will be determined by again taking into account the victories in the games played only among them, and repeating this same procedure until the tie is entirely resolved.
- b) If a tie persists, the ranking will be determined by the goal difference in favour and against in the games played only among the teams still tied.
- c) Should the tie fail to be resolved through the previous procedures, the tie will be broken by taking into account all the games played in the current phase of the competition firstly by using the goal difference, secondly by the greatest number of points scored and lastly, if necessary, by the goal average.
- d) If, in the course of applying any of the criteria provided in the three previous paragraphs, the tie were to be resolved partially but still with more than two teams remaining tied, the entire procedure will be applied again beginning with paragraph a), applying the greatest number of victories in the games played only among the teams still tied.
- e) If, in the course of applying any of the criteria provided in paragraphs a), b) or c), the tie were to be resolved partially so that only two teams remain tied, the entire procedure will be applied again beginning with Section I, paragraph a), applying the greatest number of victories in only the games played between the two remaining tied teams.

17.4.3. Reference to the quotient of goal average in favour and against is understood as having a level of precision of one-hundred thousandths.

17.5. When resolving a tie between two or more teams, if one of the teams tied has a winning score of 20-0 against a specific team and the criteria to be applied to break the tie must be one of the following:

- a) the goal difference of each game played in that phase
- b) the greatest number of points scored in all games played in that phase
- c) the greatest goal average of all games played in that phase

then none of the scores of the games played between the teams tied and that specific team that has the losing score of 0-20 will be taken into account.

CHAPTER V

Calendar, Dates and Times of the Games

Article 18. Calendar

- 18.1.** The Euroleague Basketball CEO will determine the official calendar of the competition before each season's Draw. This calendar is enclosed with these Regulations as Appendix II.
- 18.2.** The clubs may request only once during the season not to play at home on a calendar date due to the unavailability of the arena. The Company will comply with or refuse the request after evaluating its effects on the calendar.

Article 19. Dates and Times of the Games

- 19.1.** The games will be held on Wednesdays, except for the Quarterfinals, Semifinals and Finals, which will be held on the date established in the calendar. Taking into account the interests of the rights holders and the interest of the competition itself, the Euroleague Basketball CEO may decide that the game will be played on Tuesday.
- 19.2. Tip-Off Times of the Games**
- a) All games will begin between 17:00 and 21:30 (local time).
 - b) When the games are broadcast, the Euroleague Basketball CEO may establish the exact tip-off time.
 - c) On the last round of the Regular Season and the last round of the Top 16, the Euroleague Basketball CEO reserves the right to schedule all games within the same group on the same day and at the same time (CET). Taking into account the interests of the competition, the Euroleague Basketball CEO may also decide that the games from various groups begin on the same day and at the same time (CET).
- 19.3.** Without detriment to what is provided in the previous paragraphs, the Euroleague Basketball CEO may exceptionally authorise the request for a change of the date or time of a game, bearing in mind the following conditions:

- a) The time may be changed within the limits established in the previous Article 19.2.
- b) When the request is sent more than 15 days before the game is held, the acceptance of the visiting club will not be necessary. If the request comes between 6 and 15 days beforehand, it will require the approval of the visiting club.
- c) Requests sent fewer than six days before the game will only be accepted in exceptional cases, and will require the approval of the visiting club and the express authorisation of the Euroleague Basketball CEO.
- d) Any change requested by the visiting club will require the approval of the home club.
- e) A request by the home team rights holder to change the date and/or time of a game made less than six days before the original date scheduled for the game will require the authorisation of the home club and visiting club in order for the change to be approved by the Euroleague Basketball CEO.
- f) A request by the visiting team rights holder to change the date and/or time of a game made less than 15 days before the original date scheduled for the game will require the authorisation of the home club and visiting club in order for the change to be approved by the Euroleague Basketball CEO.
- g) Before authorising any change, the Euroleague Basketball CEO will evaluate the effect that the modification may have on the competition, on the programming schedules of the rights holders and on the optimisation of ticket sales.
- h) All changes will be reported to the other clubs and the media within 24 hours following authorisation.

19.4. An inability to reach the city where the game is to be held will not be considered a case of force majeure that would be reason for the suspension of the game, if the team's travel plan does not include a scheduled arrival in that city before midnight on the night prior to the game and/or in the case that the club has not submitted the team's travel plan.

19.5. A game may only be suspended when, due to injury or illness, the club does not have a minimum of eight of the players registered in the registration documents for the competition. The Company may require or make any ascertainment it deems suitable concerning the diagnosis of the injuries or illnesses.

Article 20. Standard Pre-Game Timing Format

- 20.1. The arena must be prepared and available for the teams one hour before the game is scheduled to begin.
- 20.2. Regardless of the scheduled tip-off time of the games, all games must follow a standard pre-game timing format in line with the example below:

Example, for a game that has a scheduled tip-off time of 20:45:

	TIME	TIME TO TIP-OFF
Court Available for Teams, Clock Starts	19:15:00	(01:30:00)
Horn Sounds and Teams to Benches	20:38:00	(00:07:00)
Visiting Team Presentation	20:39:00	(00:06:00)
Home Team Presentation	20:40:00	(00:05:00)
Last Warm-Up Period	20:42:00	(00:03:00)
Teams to Bench Area	20:43:30	(00:01:30)
Teams to Court	20:44:30	(00:00:30)
Tip-Off	20:45:00	(00:00:00)

- 20.3. All pre-game activities scheduled by the club must take place before the team presentation in order to preserve the standard pre-game timing format, the last warm-up period of the teams and the team presentation.
- 20.4. Clubs must introduce the players in accordance with what is set forth in Article 59.3. In all cases, the order of the line-ups must be provided to the TV broadcasters no later than one hour prior to going live on air. Only uniformed players are permitted to stand inside the playing court during the team presentations.
- 20.5. Players must come on to the playing court as they are introduced and stand at the free-throw line, facing the opposite basket, lining up side by side.
- 20.6. The use of different lighting, as considered most suitable for the event, will be allowed only during the presentation of the home team, provided that before tip-off, the lighting must be in accordance with the applicable arena rules and have the prior authorisation of the Company. Once the game has started, the lighting in the playing court area may not be altered, except during half-time and only while the two teams are in the locker rooms.

- 20.7.** During the game day practices, the home club will provide the Euroleague Basketball office and the visiting club with information in English regarding the pre-game procedure for the presentation of the teams and, in general, of the activities that will take place during time-outs and intervals of play between periods.
- 20.8.** The clubs cannot alter under any circumstance the last 10 minutes of the standard pre-game timing format. Therefore, a club may only make changes to the standard pre-game timing format until 10 minutes prior to the tip-off time of the game, and with the Company's approval.
- 20.9.** No events or ceremonies will be authorised during the last seven minutes before the start of the third period.

CHAPTER VI

- 22.2. The home team will wear its main playing uniform unless requested by the Company to wear its reserve playing uniform.
- 22.3. At all games, the colours of the playing uniforms must be clearly different: as a result, one team will wear a dark colour and the other a light colour. The Company will specify for each game whether the visiting team will wear the main or reserve playing uniforms.
- 22.4. The visiting team must travel to all games with its main and reserve playing uniforms. If the team is flying, the players must keep them in their hand luggage, along with their socks and shoes.

Article 23. Official Date of the Games

- 23.1. All games will be held on the dates established on the season calendar.
- 23.2. All games will be considered held on the date that appears on the official calendar, even when they are held on another date. As a result, to all regulatory effects, the date appearing on the calendar will be adhered to by all.
- 23.3. Exceptions to the provisions of this article will be anything related to the fulfilment of sanctions, for which the provisions of the corresponding article in the Disciplinary Code will be abided by.

Article 24. Authorised Persons

24.1. The only people who can be in the playing court area and its surroundings and sit on the respective team benches are the team members registered in the registration documents approved by the Company and included on the Game List. The maximum number of seats will be 20. They will be identified by their passport, the Game List and the Authorisation List provided by the Company. Individuals holding management positions within the club may not be in these areas.

24.2. The crew chief will order any person not complying with these conditions to leave the team bench area or any place close thereto. Likewise, the crew chief will order any person having been sanctioned with a disqualifying foul to leave the team bench area.

During games no other personnel, with the exception of security personnel, can be located between the scorer's table, team bench areas and the seating area along the same sideline.

24.3. The scoresheet must include all people on the team bench up to a maximum number of 16 players plus nine staff members, all of them included on the Game List. The clubs must ensure that the players in the best shape available for every game are on the scoresheet.

The clubs must ensure that the players in the best shape available for every game are included on the scoresheet.

Article 25. Anthems

Only the club's anthem will be allowed to be played at games.

Article 26. Beginning of the Game and Game Clock

26.1. The teams may not use any excuse for not holding a game or delaying its start when they have been required by the officials to start. Any refusal to comply with the officials' order may be considered as failure to appear.

26.2. The game clock must always display the countdown until the beginning of play in the following situations: during pre-game, intervals of play between periods and half-time and before any extra periods.

Article 27. Suspension of the Game and Preventive Measures

- 27.1.** No game may be suspended by anyone other than the Euroleague Basketball CEO. Best efforts will be made so that all games are played on the date established by the Euroleague Basketball CEO. For this purpose, the Euroleague Basketball CEO may request to take the necessary preventive measures to guarantee the smooth running of the game, including ordering a game being played behind closed doors, or allowing the officials to take the necessary measures they deem appropriate to guarantee the normal completion of the game.
- 27.2.** In the event of force majeure and in the cases expressly stated in these Regulations, the crew chief will be empowered to suspend the game by delegation of the Euroleague Basketball CEO, whom he must immediately inform concerning the reasons that caused the suspension and the measures adopted.

Article 28. Suspension Due to the Absence of Safety Measures

- 28.1.** The absence of safety measures may, in highly exceptional cases, cause the suspension of the game before it begins, if the crew chief believes, under their own responsibility, that there are no guarantees for its normal completion. In light of such a circumstance, the Disciplinary Judge will at his own discretion decide whether the game will be played or whether the home team loses by the result of zero to twenty (0-20).
- 28.2.** If the Disciplinary Judge decides that the game must be played, he will also establish the conditions under which it will be held, as well as any compensation and sanctions that might apply.

Article 29. Suspension of a Game Due to the Spectators

- 29.1.** If a game is suspended by the crew chief due to seriously inappropriate behaviour on the part of the spectators, the Disciplinary Judge, assessing without coercion all the circumstances that are involved in the case, and mainly the safety measures adopted, the severity of the disturbances and the spectators causing them, will at his own discretion resolve whether the game must resume or whether the visiting team will be declared as the winner with the score standing at the time when the game was stopped if they are leading, else the score will be recorded as 0-20 in its favour.

- 29.2. Should it be decided to resume the game, the Disciplinary Judge will also decide the conditions and the form in which it has to be held, as well as the compensation and sanctions that might apply.

Article 30. Suspension Due to a Reason Attributable to the Teams

- 30.1. If the game is suspended by the crew chief due to the attitude of the members of the two opposing teams, the Disciplinary Judge will at his own discretion resolve whether the game has to be resumed or whether it is given as concluded with the result on the scoresheet at the time of the suspension. If the incorrect behaviour that is the reason for the suspension is attributable to the behaviour of only one of the teams, the non-infringing team will be declared as the winner with the score standing at the time when the game was stopped if they are leading, else the score will be recorded as 20-0 in its favour.
- 30.2. If the Disciplinary Judge decides that the game must be resumed, he will also establish the conditions under which it will be held, as well as any compensation and sanctions that might apply.

Article 31. Suspension Due to an Unsuitable Arena

- 31.1. Should the crew chief be obliged to suspend the game because the home club has no playing court or its playing court is not in a suitable condition or lacks the necessary technical elements, the Euroleague Basketball CEO, after considering the circumstances, will decide whether the game has to be played on another date. In such a case all the officiating costs will be at the expense of the home club, which must also compensate the visiting club with the amounts that the Euroleague Basketball CEO deems appropriate.
- 31.2. Notwithstanding the above, if the Euroleague Basketball CEO considers that an intentional infringement may have been committed, he will submit the matter to the Disciplinary Judge. In the event that the Disciplinary Judge at his own discretion considers the intentional infringement proved, he will declare the loss of the game by the result of zero to twenty (0-20) without detriment to any compensations or sanctions that might apply in accordance with the Disciplinary Code.

Article 32. Failure of the Officials to Appear

When a game is not played due to the failure of the officials to appear, the Euroleague Basketball CEO will provide for the game to be replayed. The Company will cover the cost of travel or any other

expense incurred by the visiting club and officials as long as they are duly justified, without detriment to any sanctions that might apply.

Article 33. Determination of New Date, Time and Place in Case of Suspension of a Game

- 33.1.** In all cases that a game is suspended, either before the game starts or after it has started, the Euroleague Basketball CEO will decide on the place, date and time at which it will be held or resumed, as the case might be. The game will be played under the conditions established by the Disciplinary Judge, if any.
- 33.2.** If the suspension of the game is attributable to one of the two clubs involved, without prejudice to the sanction that may be applied, the infringing club will pay for the officiating expenses and any other expense related to the suspension of the game, in addition to any new travel expenses of the opposing club if necessary. In the event that the suspension of the game is attributable to both clubs, the two clubs will assume the above-mentioned expenses in equal parts.

CHAPTER VII

Arenas

Article 34. General Rules

The arenas where competitions organised by the Company are to be held, will be covered and enclosed premises and must comply with the minimum technical and safety conditions provided in the following articles. For anything not covered herein, the Official Basketball Rules as approved by FIBA will be abided by.

Article 35. Playing Court Area

The playing court area must meet the following requirements:

35.1. Basketball playing court: The arena must provide a like-new condition parquet (wood) basketball playing court, duly installed, which must meet the requirements established by the standard DIN 18032. The basketball playing court may have permanent wooden flooring or mobile wooden flooring. It must have an antiglare surface.

35.2. Dimensions: The playing court area must be adapted to the dimensions and the markings established by FIBA.

The lines marking the playing court must be at least 2m from the spectators, signage or any other obstacle, except for the provision stipulated below for the courtside seats. The marking lines will be 5cm in width and black or white- coloured. All lines must be the same colour.

No lines other than those of the basketball playing court are permitted.

The height of the ceiling or lowest obstruction above the playing floor will be at least 7m.

Around the playing court there will be a further boundary line in a sharply contrasting colour, marking an area of at least 2m in width. This area, the centre circle and the restricted areas will be the same Pantone colour, apart from those areas where advertising is placed in accordance with the provisions of Article 56.8.3.

- 35.3. It is recommended that all the on-court elements are directly painted on the playing court and the stickers are avoided.

At the request of the Company, the clubs will send a digital design of the playing court, including colours, lines and branding, for approval.

- 35.4. The clubs are responsible for keeping the playing court area clean at all times.

One ball boy will be sat adjacent to the escape lane at each basket support structure, using mops and/or towels to wipe the playing court anytime sweat, water or any other liquid falls on it. This includes when the ball is in play at the opposite basket, always watching the play to leave the playing court immediately if necessary.

- 35.5. **Courtside Seats**

Courtside seats may be placed along the entire length of the sideline opposite the team benches, leaving a space of 2.5m x 2.5m in width in the centre (a space of 1.25m in width from each side of the centre line), and along approximately the entire length of each endline, with the exception of the escape lanes on both sides of the basket support structure, as indicated in Graphics 10a, 10b and 10c. The space between the basket and the first row of courtside seats along the endlines must include a space for the escape lanes as well as for the under the basket camera and camera operator. The escape lanes will be at least 0.8m in width and 2m in length, and the camera operator space will be at least 0.5m in width for a total space of 1.3m as shown in Graphic 13. The size of these spaces may be reduced only with the prior authorisation of the Company.

Instead of leaving one space of 2.5m x 2.5m in the centre, a space of up to 2.5m x 2.5m perpendicularly in front of each free-throw line may be agreed between the Company and the club.

The courtside seats along the sideline may be placed directly on the playing floor, but the feet of a person sitting in the seats may not be closer than 1.5m from the playing court. The courtside seats on the endlines may be placed directly on the playing floor, but the feet of a person sitting in these seats may not be closer than 2m from the playing court. Those courtside seats along the endlines between the basket support structure and the team bench area must be placed behind the electronic advertising system boards. In the case that the Company notices any kind of public incidents due to the proximity of the spectators, it may request the club to eliminate the spectator seats closer to the playing court and/or the team bench area.

The Company will provide the clubs with the Code of Conduct for Users of Courtside Seats, and the clubs will be responsible for complying with it and for any related infringements committed by the courtside seat holders.

The Euroleague Basketball CEO may authorise the positioning of four courtside seats in between the home team bench and the scorer's table, named bench seats, as shown in Graphic 10c.

These seats may not be occupied by executives, managers or other club members.

The Company reserves the right not to authorise a person to occupy one of these seats.

In no case may an authorisation be given to those clubs that have been sanctioned by the disciplinary bodies for serious or repeated incidents generated by the public during the current season or in the course of the previous season.

The club must send to the Company a request adjoining a detailed playing court area layout that shows the dimensions of the bench seats and the distance from them to the team bench, to the scorer's table and to the playing court. Permission to use bench seats will not be granted in any case if the above documentation is not provided.

After receiving the request, the Euroleague Basketball CEO will evaluate all the circumstances, including the effects on the playing court area layout, in order to make a decision. The authorisation, if given, may be withdrawn at any time if the Company notices any type of incidents or actions affecting the course of the game, its participants or the image of the competition.

Article 36. Backboards, Basket Support Structures and Rings

The clubs must follow the manufacturer's guidelines regarding maintenance and replacement of all equipment.

The clubs are also responsible for keeping the elements on the playing court, including but not limited to backboards, basket support structures and rings, clean and well-painted during the entire season. When necessary these elements will be cleaned before the start of each game and before the third period of the game.

36.1. Backboards

The backboards will be of a single piece of transparent, tempered glass 180cm on the horizontal side and 105cm on the vertical, and the lower edge will be 290cm from the floor. The technical characteristics, marking and padding of the backboard will be as established by FIBA.

The lines painted on the backboard must be white.

36.2. LED Lights in Backboard

Each backboard must be equipped with red LED lights outlining the inside of the four sides of the perimeter of the backboard to indicate the expiration of time in each period or extra period. The red LED lights will be mounted on the inside borders of the backboards no more than 7cm inside the edge of the backboard, flushing up against the inside of the tempered glass, and will be of a bright red colour.

The red LED lights installed in each backboard must be synchronised with the game clock in such a way that they light up, and stay lit, brightly when each period or extra period expires. These must be synchronised to light up in the same video frame when the game clock displays 0.0. The red LED lights must not light up when the 24-second period expires.

Also, each backboard must be equipped with a horizontal strip of yellow LED light immediately beneath the upper red LED lights to indicate the expiration of the 24-second possession. These must be synchronised to light up in the same video frame when the shot clock displays 0.0.

The installation of these lights must be done in such a way that it ensures the safety of players and officials.

36.3. Basket Support Structures

The backboards must be firmly fixed on basket support structures on the floor at a right angle thereto and parallel to the endlines.

The basket support structures (including the padding) will lie at least 200cm from the exterior edge of the endline and must be in a bright colour so that they are entirely visible for the players.

The entire basket support structure that is behind the backboard must be padded at the bottom from the surface of the backboard to a distance of 120cm. The minimum thickness of the padding will be 2.5cm.

The base of the basket support structure facing the playing court will also be padded from the floor to a height of at least 215cm. The minimum thickness of the padding will be 10cm.

All padding will be constructed in such a way as to prevent limbs from becoming trapped. It will have a maximum indentation factor of 50%. This means that when a force is applied suddenly to the padding, the indentation in the padding does not exceed 50% of its original thickness.

Under no circumstances may ceiling-mounted backboards be used. Only floor-fixed or mobile backboard support structures are permitted.

Once the backboard support structure has been adjusted, the top edge of the ring must be at a height of 305cm.

The whole backboard support structure will meet the requirements of rigidity and elasticity established by FIBA.

The basket support structures will be suitably installed on the floor to ensure the safety of the players and officials.

36.4. Replacement Equipment

The arena must have one spare basket support structure and two spare backboards for replacement in the event of breakage, with the ring and LED lights already duly installed on one of them.

The club will have the necessary technical and personal means for the replacement to be made with the utmost speed.

36.5. Rings

The rings, which will be of the pressure-release type, must comply with the technical conditions and specifications established by FIBA. The rings will be installed in such a way that no force applied to the ring will be transferred to the backboard. Therefore there will be no direct contact between the ring mounting plate and the backboard.

The rings must be of solid steel, with an inside diameter of a minimum of 45cm and a maximum of 45.9cm, painted orange.

The metal of the rings will have a minimum width of 1.6cm and a maximum width of 2cm.

When the pressure-release mechanism is activated by an applied force, the ring will not lower more than 30° below the original horizontal position.

When the force above is no longer applied, the ring will return automatically and instantly to the original position.

The arena must have at least two spare rings for replacement in case of damage.

36.6. Nets

Six nets will be provided by the Company each season for their compulsory use during games. The nets will comply with the technical conditions approved by FIBA. There must be two new spare nets in the backup material storage area at all times.

36.7. Measuring and Indicator Devices

The arena must have an apparatus to measure the height of the ring, a dynamometer, a manometer, a thermometer and a level.

In addition, the arena must have a metal measuring tape (from 0 to 50m) to measure the playing court, or any other electronic equipment that measures the dimensions of the playing court accurately.

Article 37. Scorer's Table and Team Benches

37.1. The arena must provide the scorer's table, with a maximum of 10 seats and with a length of 8m, in accordance with the specifications of the Company. The scorer's table will be positioned at court level and may not be raised on a platform/podium. No substitution chairs or benches are permitted.

37.2. This area will be equipped as follows:

- One colour laser printer, which prints at a minimum of 20 pages per minute (Kyocera 3000 or equivalent).
- Three dedicated high bandwidth internet connections with download and upload speeds of at least 10Mbps, with the necessary hardware to enable connections to the router, hub, modems, etc. Wi-Fi networks are not permitted. One line dedicated to the Euroleague Basketball digital scoresheet. A second line dedicated to all other scorer's table connectivity. The third dedicated line will be a backup.

- The necessary hardware to share the internet connections with other computers if provided by the Company.
- A minimum of 10 electrical power sockets.
- Two 43cm (17”) flat screen computer monitors (LCD type), with a 1024 x 768 resolution.

- One wide screen computer monitor, 21” in size.
- One Pen Tablet.
- Two digital manually operated clocks.
- One backup laptop with only the authorised software installed.
- Adequate paper supply must be provided.

All equipment cables must be properly and tidily rigged.

Visiting Club Media Director *

* To be located at the position next to the visiting team bench

The media director will only be able to communicate with the team members sitting in the team bench area in order to comply with their obligations stipulated in these Regulations with regard to media issues, such as coordinating pre-game, half-time and post-game interviews.

No other person may sit at the scorer's table unless previously approved by the Company.

37.4. No advertising/brands other than Company brands may be displayed on the scorer's table directly or indirectly through product placement.

37.5. On the same side as the scorer's table and opposite the main TV cameras, there will be a marked area for the benches or chairs of the two teams. This area will be defined by a line of at least 2m in length traced as an extension of the endline and by another line 2m in length, traced 5m from the centre line and perpendicular to the sideline. The lines marking this area must be the same colour as those marking the playing court.

Located within these areas, in a symmetrical form, will be the chairs or benches with a backrest to be used by the teams, with a length of 9m. Each team bench will have a maximum of 20 seats.

A retractable belt barrier will be installed adjacent to the team bench area to separate those team members that are on the scoresheet from those that are not.

The team benches must be located at a minimum distance of 2m from the spectators. Should this requirement fail to be observed, behind each bench there must be a transparent protective wall installed at a minimum height of 2m. If the circumstances should so require, the Company might request that the clubs install the protective wall behind the benches regardless of the distances in the arena.

37.6. The use of TV monitoring and/or replay equipment, computers (other than for unified scorers) or any electronic transmission device for coaching purposes during the game in and around the team bench area will not be permitted.

37.7. All coaches and team followers must only use the official coaching board provided by the Company during games in the case that the Company provides one.

Article 38. Electronic Equipment

The arena must have the following electronic equipment, which will be clearly visible from the scorer's table, from the playing court, from the team benches and for any other person involved in the game including the spectators:

38.1. Scoreboards

Two large, synchronised scoreboards. They will contain a clearly visible digital countdown game clock with a very powerful acoustic signal to indicate the end of each period or extra period. For the last 60 seconds of each period and extra period, the game clock must indicate the time in tenths of a second.

The Company may exceptionally authorise the installation of a single scoreboard when it understands that it meets the conditions of correct visibility expressed in the first paragraph of this article.

The scoreboards must indicate the points scored by each team, the number of each player from 0 to 99 (and preferably their corresponding surnames), the points scored by each player and the fouls committed by each player.

The scoreboards will have a luminous mechanism that will indicate the number of fouls committed by each team, with numbers of team fouls from 1 to 5. This mechanism will not replace the red team foul markers used by the data entry scorer to indicate the five fouls by one team. The luminous counter will stop when it reaches the fifth foul.

The scoreboards must be configured to continuously receive live data from the digital scoresheet.

The clocks and scoreboards must be mounted securely and must be able to withstand severe impact from any ball.

38.2. Shot Clocks and Additional Game Clock (see Graphic 9)

Two automatic clocks to apply the "24-second rule" with an additional game clock and a brilliant red light, which will be installed above and behind the backboards so that they are perfectly visible (between 30 and 50cm from the front of the backboard). Four transparent shot clocks may alternatively be approved by the Company.

The shot clock must be automatic, with a digital countdown to indicate the time in full seconds only until the countdown reaches

4.9, at which point it will indicate the time including tenths of a second from 4.9 until 0.0, as well as a very powerful acoustic signal to indicate the end of the 24-second period.

The colour of the numbers of the shot clock and the numbers of the additional game clock will be different. The shot clock numbers will be red and the additional game clock numbers yellow. The numbers of the display units will have a minimum height of 25cm and a minimum width of 12.5cm.

The time-out countdown may not be displayed on the shot clock.

The game and shot clocks must be able to be reset immediately to any time in the game including full seconds and/or decimals.

There will be backup shot clocks that can be placed directly on two corners, just off the playing court, in the event of a permanent malfunction of the main shot clocks. Therefore, backup wiring for the shot clocks will be placed at these locations.

38.3. Whistle-Controlled Time System

A Precision Time System must be used in all games. All the arenas must have the necessary equipment approved by the Company, composed of one device and at least four belt packs. One of them will be a backup belt pack. This equipment will be duly connected to the game clock and work properly. The system must be serviced at least once every 12 months.

38.4. Acoustic Signals

Two separate acoustic signals are required with different, very powerful sounds:

- One for the data entry scorer and timer. For the data entry scorer it will be activated manually. For the timer it will sound automatically at the end of playing time for a period, extra period and/or game.
- One for the shot clock operator, which will sound automatically at the end of the 24-second period.

These two signals must be sufficiently powerful so as to be heard easily in noisy conditions. The Company will request the club to make the acoustic signals louder when it considers that they cannot be easily heard.

38.5. Instant Replay System

The Instant Replay System (IRS) will be used by the officials in all games of the season. The IRS will be used according to the rules set forth in Appendix XIV.

The Company will decide on the technology to be used for the IRS, which could be different depending on the host broadcaster. The IRS devices will be installed at the scorer's table, so that the viewing angle of the monitor is away from the nearest team bench.

Only the officials and an English speaking IRS operator will be present in the area where the IRS is installed. The crew chief will order any other person not complying with these requirements to leave the area.

The IRS monitor default set-up is included in Graphic 14.

The IRS resolution must be sufficiently high quality in order for the officials to view all clocks, LED lights, players, lines and the ball clearly.

38.6. Technical Conditions and Electronic Equipment Check

All of these electronic devices must comply with the technical conditions approved by FIBA, save those exceptions approved by the Company.

The clubs will be obliged to check all of their electronic devices to always have them in optimum condition for use. Likewise, the clubs will have a spare console for each of the electronic devices.

Article 39. Basketballs and Ball Carts

The basketballs and ball carts to be used for practices and games will be supplied by the Company. The home club will provide the visiting team with two ball carts that hold a minimum of 12 basketballs each.

Other provisions are set forth in Article 56.9.

Article 40. Storage. Backup Material Placement

An area will be designated on the arena floor level, below the seating area and adjacent to the playing court area, for the storage of backup basketball-related equipment.

The backup basket support structures, backboards, rings, nets and shot clocks, will be stored in this area immediately adjacent to the playing court area, on the arena floor level.

The backup digital scoresheet laptop, as well as the whistle-controlled time system backup belt pack, will be located at the scorer's table,

When determining the floor plan for the seating around the playing court, adequate space will be available to bring the complete support structures, with backboards and baskets, on to the playing court, without delay.

Article 41. Lighting

The lighting of the playing court area must have a minimum intensity of 1,700 lux evenly across the entire playing court, measured one metre above it. Any glare that may disturb the sight of the players and officials or affect the quality of the TV broadcast must be avoided.

If the arena lighting system does not have instant restrike capability, dimming the playing court area lights once the game has begun will not be allowed.

Article 42. Arena Temperature

The temperature of the playing court area will be uniform and will not be below 16°C or above 25°C. These temperatures are understood to be those when the seating area is occupied. To these effects, the arena must have all necessary systems of ventilation and heating.

56.7. Players and Coaches Dress Code

It is recommended that the players wear casual dressy attire whenever they are arriving or leaving the arena for playing or attending EuroCup games.

The head coach and assistant coaches must wear a suit and tie during games and press conferences.

- b) One EuroCup sticker must be displayed on the top edge of each ring support and one competition sticker must be displayed on the top edge of each backboard. Both stickers must be placed in a position suitable for "Slam Cam" TV cameras coverage. The Company will provide these stickers to all EuroCup clubs.

The logo of the basket manufacturer may be placed with a maximum size of 10cm in height and 30cm in width on the upper front of the padding of both baskets, and on the lateral sides of the padding by occupying a maximum of 80% of the padding lateral side surface. The club logo will be placed with a maximum size of 30cm in height and 30cm in width also on the upper front of the padding of both baskets, below the logo of the basket manufacturer. No modification of the size of the regular padding will be permitted.

- f) Advertising is permitted on the scoreboards provided it does not obstruct or interfere with their functioning.

56.8.3. Playing Court Area (see Graphic 10)

Advertising is not permitted on the playing court and within the area delimited by the further boundary line, except that specifically mentioned in this article.

- a) Advertising is permitted inside the centre and free-throw circles. The advertising must be the same for both free-throw circles. In any case, all lines marking centre and free-throw circles must be clearly visible. It is highly recommended that the team logo is displayed in the centre circle area. This team logo may occupy a diameter larger than 3.5m with the prior approval of the Company. In the case that no advertising is being displayed in the centre circle, the team logo must be advertised.
- b) The name of the city must be displayed within the entire area delimited by the further boundary line corresponding to the side of the team benches and the scorer's table, with a maximum length of 12m and in standard white capitalised Latin characters, outside the playing court and perpendicular to the centre line. The name of the city must always be written in English and must have larger characters than those of the name of the arena in the case that the name of the arena is included in this area. No logos or other texts are permitted in this area.

The name of the city must be legible for TV cameras and may be displayed only once.

In the case that the club plays in a city other than the one in which the team is registered, the Company may require the use of the name of the arena instead of the name of the city.

- c) One canvas with WWW.EUROCUPBASKETBALL.COM or other EuroCup self-promotion, or one advertising space for the EuroCup sponsors must be positioned facing the playing court, on the upper side of each endline (so as to be within the TV cameras coverage) and between the team bench area and the basket support structure. The Company will provide the clubs with these canvases.
- d) Two transparent Twitter logo stickers must be displayed on the lower side of both endlines. The club's Twitter account will be displayed on the lower side of the left endline and the EuroCup Twitter account will be displayed on the lower side of the right endline. These logo stickers may change during the season if requested by the Company.
- e) Two transparent EuroCup (or, in their place, the name and/or logo of EuroCup sponsors or any other content in the reasonable discretion of the Company) logo stickers must be displayed (dimensions to be decided by the Company) within the playing court. They will be placed on opposite sides of the playing court facing the TV cameras platform as shown in Graphic 10, each being positioned in an area limited by the endline, the centre line and the 3-point line (the Company will provide the clubs with the design of these logo stickers, and the clubs will be responsible for their production and placement). These logo stickers may be different in the various phases of the competition if required by the Company.
- f) No other advertising and/or branding is permitted outside the perimeter of both free-throw circles and centre circle, even if this is an extension of the advertising and/or branding that appears inside the circles.
- g) As stated in Article 35.3, it is recommended that all the on-court elements are directly painted on the playing court and the stickers are avoided.

In the cases when there are stickers applied on the playing court, it is compulsory to use proven safety anti-slip laminated stickers.

It is also compulsory to take good care of the stickers, cleaning them up and changing them whenever necessary.

- h) For the Finals, the playing court area and all its branding/commercial permitted platforms must remain clean for the exclusive use of the Company. The Company will send a new playing court area layout prior to the Finals games, including the branding elements and the instructions that the clubs must follow. The Company will provide with these branding and commercial elements to be displayed on the court during the Final games.

56.8.4. Outside the Playing Court Area

- a) It is mandatory that all clubs install an electronic advertising system (LED or LCD) in their arenas, next to the playing court area, for all games. The electronic advertising system will be installed all along the TV cameras coverage, which includes the entire sideline (leaving only the necessary space to gain access to the team benches) and the upper part of the endlines, as shown in Graphic 10. No other type of advertising platform will be allowed in this area. It is also mandatory that all the electronic advertising boards simultaneously display the same image.
- b) All electronic advertising boards must be clearly visible and must be between 80cm and 90cm high. The clubs will inform the Company regarding the characteristics, dimensions and technical specifications of the electronic advertising system in their arenas no later than three weeks before the first game of the competition. The electronic advertising boards will be positioned around the playing court area, opposite the main TV cameras, covering the sideline and the part of the endlines nearest to the team bench areas, forming an inverted U. The boards will be distributed in the following manner:
- At the endlines, a minimum of 6m will be covered on each side.
 - At the sideline, a minimum of 26m will be covered (6m to 7m on each side, 12m to 14m in the central part).
 - The open area to access each team bench area will be a maximum of 3m wide.
 - No empty space may be left between the sideline boards and the endline boards. The boards must be installed in such a way that a 90 degree angle is formed in the corners.

Therefore, cheerleaders, mascots, photographers or any element that may obstruct the view of the electronic advertising boards will not be positioned in front of them.

- c) All types of advertising boards must allow easy access to the playing court and guarantee the safety of all personnel involved in the game. All boards must be adequately padded with impact absorbing material in order to guarantee all personnel's safety as detailed in Article 49.3.4. At the same time, the positioning of the advertising boards will have to comply with public safety regulations in the country in which the arena is located.
- d) Electronic Advertising Rules

All the electronic advertising system animations must fulfil the following style guidelines and specifications:

- White, light and bright backgrounds are not recommended in the electronic court advertising animations. It is recommended to always use dark backgrounds with high contrast levels over the displayed information.
- The content screen displayed within every animation must be static for at least five seconds. For instance, an animation lasting 15 seconds and displaying different content must keep each part of the content static for at least five seconds.
- It is not permitted to display animations that may disturb the concentration of players, coaches and/or officials (i.e. flash/spark/blink animations).

The Company will provide the clubs with an extended version of these Electronic Advertising Rules containing right and wrong examples.

- e) During the entire season up to the Finals, all clubs must make available for EP:
- 24 minutes on the electronic advertising boards around the playing court within the TV cameras coverage. These minutes made available must be 24 minutes of playing time, which means that exposure during intervals of play between periods, half-time and time-outs is not counted. These 24 minutes must also be equally distributed among the four periods. If the game goes to overtime, one third of

the inventory on the electronic advertising boards must be available for EP.

These minutes made available must be of game time.

- The Company may provide the clubs with a 15-second animation of the EuroCup sponsors for the electronic advertising system. This animation must be played once at the beginning of each period.
 - The necessary time to display the official video of the competition, which the Company will provide to all clubs, on the electronic advertising system. - g) It is not allowed to advertise any non-Euroleague Basketball event on the electronic advertising system unless authorised by the Company.
- h) All the clubs that have electronic advertising boards on the opposite side of the team bench area and the scorer's table, as well as along the endlines furthest away from the team bench area, must synchronise the advertising animations with the animations played on the electronic advertising boards mentioned in paragraph a) of this article.
- i) In no case will advertising be allowed in the vicinity of the electronic advertising boards, behind the team bench area, behind the scorer's table, or in any other area within the master camera coverage, except for what is stated in point f).
- j) Advertising on the benches (seats, cushions, protective wall, etc) can be managed by the club but must not interfere with the visibility of the game from the seating area and on TV.
- k) Advertising is also permitted outside the TV cameras coverage and on a video screen, located away from the playing court area. If advertising announcements include audio, they may be run only during intervals of play between periods or half-time.

- l) The Company will provide the clubs with a playlist including all EuroCup sponsors and corporate content video animations, which will be shown on the electronic fascia boards of the arena, if any, during 24 minutes of playing time, which means that exposure during intervals of play between periods, half-time and time-outs is not counted. These 24 minutes must also be equally distributed among the four periods. No brand entering into conflict with the EuroCup sponsors may appear on the electronic fascia boards, except for the title or naming or presenting or main sponsor of the club.
- m) The remaining advertising is for the club but the Company and EP reserve the right to display banners, boards and others, bearing the EuroCup logo or one of the sponsors.

56.8.5. General Information

- a) Advertising cannot be used as a means to give support to the home team or in such a manner as to alter the emotional state of the spectators or to incite violence.
- b) Advertising placed in the playing court area that is not directly painted on the floor must be fixed safely.
- c) Advertising Production Costs: If a club decides to change its electronic advertising system during the season (dimensions, specifications, etc) it will bear the cost of reproducing all advertising of the EuroCup or its sponsors already produced and paid for the season by EP and/or the Company.

67.2. Content Requirements

- Pronunciation guide: An English pronunciation guide including the names of players, coaching staff, executive staff, teams and sponsors will be provided to the Euroleague Basketball office at the beginning of the season. The club must update this guide every time a new player or coach is registered and whenever required by the Company.

- Press Releases: All press releases generated by the Media Department of a club must be sent by email to news@euroleague.net, in the original language and, if possible, with a summary in English. - Website Cooperation: All clubs are required, when requested, to make available their own website content for use on EuroCup digital platforms by sharing directly and/or supplying translations, contacts and picture reprint rights, if necessary. - Pre-Season: All appropriate club personnel – players, coaches, general managers, media office staff, etc – will be informed about the media access and the Company’s collaboration guidelines that concern them. All pre-season schedules and results will be supplied by the club to the Company in a timely manner (schedules before the first pre-season game; results within two hours after each game ends).
- Game Week: At least 36 hours before the start of a game, each club will email to the Company a pre-game quote from the head coach (one paragraph) and another from at least one player (one paragraph) about the following game, in English.
- Game Day:
 - a) Post-game quotes, coaches: On each game day, one quote in English from each head coach at the post-game press conference will be forwarded immediately by the media director of the home club to the Company by

email. An English audio file of coaches' comments is also acceptable but it must be of good enough audio quality to be easily understood and, if not, it must be substituted by a written version upon request.

- b) Post-game quotes, players: On each game day, each club, whether playing home or away, will make available to the Company, no later than one hour after the end of the game, at least two player quotes in one of the following formats: email in English or voice file in English. - Interviews/Chats/Video/Fan Mail/Player Poll/Podcast: If requested, each club will make available at least one player per per week during the entire season, including weeks when there are no EuroCup games, for an Interview, Chat, Video, Fan Mail, Player Poll, Podcast or similar feature that requires direct or telephone contact for conversation. Podcasts require that clubs make available to the player a computer equipped with Skype software, headphones for listening and a microphone for speaking.
- Blogs: Each team will make available one player per season for a blog. Blogs will be published during the entire season, starting with the club's pre-season. Blogs may be written or recorded by the player or communicated to the media director of the club, or a staff member of the Company. The Company reserves the right to edit all blogs as needed.

- All clubs must ensure players and head coaches availability for promotional recordings (interviews, quotes, etc). The Company's Communications and TV and New Media Rights Departments will coordinate these activities.

Article 68. Access to Team Practices for the Media

68.1. The 15-minute practice access for media is mandatory starting one or two days before the first Regular Season game of each team, for both home and visiting teams, and will be in force during the entire season. Depending on whether the team is local or visiting, media access will be one or two days before.

68.2. Home Team

The 15-minute practice access will be open to all accredited media (local media and media from abroad) one day before each game. Practice access will take place during the first or the last 15 minutes of the practice. All players and the head coach will be available to the media for at least 15 minutes following the team practice. The Company recommends that the open practice on the day before each game should be the evening practice, permitting coverage by the media who have travelled from abroad. If the home team decides not to practice the day before the game, the access to team practices for the media will be open the morning of the game day shoot around session.

68.3. Visiting Team

a) Home Practice: The 15-minute practice access two days before each game will be open to the local media. Practice access will take place during the first or the last 15 minutes of practice. All players and the head coach will be available for the media during at least 15 minutes.

b) Away Practice: The 15-minute practice access one day before each game will be open to all accredited media (local media and media from abroad). All players and the head coach will be available for the media during at least 15 minutes. Practice access will take place during the first or the last 15 minutes of practice. The visiting team usually trains the day before the game at the scheduled tip-off time of the game. For this reason the Company recommends that practice access should take place during the first 15 minutes of the practice. If the visiting team decides not to practice the day before the game, the access to team practices for the media will be open the morning of the game day shoot around session.

68.4. Each Monday the media director from each club must send the open practice schedule to the Euroleague Basketball office.

68.5. Only those media previously accredited and approved by each club may have access to practices. Media directors must contact the club

their team is visiting to identify accredited travelling media members. Likewise, visiting teams must be able to identify the properly accredited local media who wish to attend practice.

Article 69. Recording, Reproducing and Sharing Limitations

It is completely forbidden for all accredited media, except rights holders, to record, reproduce and/or share on any platform any footage inside the arena from 30 minutes before the tip-off time of the game until the end of the game. Any member of the media recording, reproducing and/or sharing on any platform footage recorded beyond the time limits stated above, will have their accreditation revoked for the rest of the event and the Company will evaluate revoking their accreditation for the rest of the season.

After the game, all accredited media will be allowed to record, reproduce and/or share footage in the mixed zone, the press conference room and, if they have the corresponding accreditation, in the locker rooms.

The media director of the home club will be responsible for ensuring that these practices are conducted according to the regulations stated above.

Article 70. Access to Team Locker Rooms for the Media and Post-Game Press Conference

70.1. Five minutes after the final buzzer, the head coach or media director will announce to the accredited media that their team locker room is open. The team manager, media director or other official from each club will tell the players when the media are about to enter the locker room, and also if any women are among the accredited media. Then the locker room must be opened to properly accredited media, with local security thoroughly briefed to conform with the regulation and ensure accreditation enforcement.

70.2. The locker room will remain open to the accredited media for a minimum of 15 minutes, and the players will have to attend to them during this entire period at least.

The first five minutes after the locker room has been opened are reserved for the rights holders. Once these five minutes have expired, the rest of the media accredited with access to the locker room will be allowed to enter.

70.3. If space allows, all accredited media – and only accredited media – will be allowed to enter both locker rooms.

Due to, and only to, potential space problems, each club may decide before the season on a minimum number of accredited media – never less than 15 per locker room – to be given special locker room accreditations for each game. If the number does not meet the demand (16 or more accredited media want to enter locker rooms), the access will be awarded on a rotating game-to-game basis. Those not in the rotation for the locker room of the home team should be given accreditation to enter the locker room of the visiting team.

Locker room accreditations will be distributed equally to all media types, with at least the rights holders, one major daily newspaper, and one radio station allowed in the locker rooms of the home and visiting team after each game. The EuroCupbasketball.com correspondent of each club will always be included in the rotation. The Company will reserve the right to raise the minimum of 15 accredited media per locker room for certain games.

All visiting media approved by the media director of the visiting club will be given accreditation at least to the locker room of the visiting team, and also to that of the home team, if space allows.

All accredited media allowed to enter the locker rooms must follow the guidelines below:

- All media, except photographers, will only enter the locker room for interviews.
- All media, except photographers and rights holders that are not interviewing any player, will exit the locker room. The international feed production company (hereinafter referred to as “IFPC”) will be allowed to shoot footage inside the locker rooms without the obligation to interview players or head coaches.
- All footage shot inside the locker room must be starting from the waist upwards. No footage shot below the waist will be allowed.

The IFPC may also shoot footage of the teams’ arrival at the arena, their walk from the bus to the locker rooms and inside the locker rooms before the start of the game. The IFPC’s camera may shoot up to three minutes with all the players inside the locker room, including the head coach’s speech, without any interviews and always with the maximum respect for the players’ usual routine.

- 70.4.** The press conference room will be located in proximity to the locker rooms and the media work room. A press conference with the head coach of the visiting team will begin within a maximum of 20 minutes following the final buzzer. Immediately following the conclusion of this a press conference with the head coach of the home team will start (the head coaches will attend to the media separately). The press conference times will not affect the opening of the team locker rooms.

Throughout the entire season, the media directors of the clubs are free to bring a player that had an outstanding performance during the game to the post-game press conference to attend the local and international media requests.

At all post-game press conferences, head coaches and players must begin their participation with an opening speech in English, followed by a second one in the local language if desired.

- 70.5.** Without prejudice to the head coaches' and players' obligation to meet the media in the press conference room, mixed zone and locker rooms, the head coaches and players must also be available to talk to the IFPC and rights holders on the playing court, for flash interviews, immediately after each game.
- 70.6.** The coordination work for the correct functioning of the press conference and locker room policy will fall upon the media director of the home club.
- 70.7.** The media director or a staff member of each club will accompany their head coach and players to the press conference and will be responsible for the translation from/into English of all questions and statements.
- 70.8.** The media director of the home club will be responsible for the translation of all questions and statements from/into English and the official language of the home club's country.
- 70.9.** The post-game press conferences will be broadcast live on YouTube or on any other platform that is free and accessible for users internationally, as approved by the Company. The URL address of the press conference will be sent to the Company (by email to mediacommunication@euroleague.net, news@euroleague.net and socialmedia@euroleague.net) no later than two days before the game. The Company reserves the right to embed the press conferences on EuroCup digital platforms.

70.10. A statement of post-game media access rules as provided by the Company will be posted, in English, on locker room doors and in the media work room of each arena before, during and after all games.

Article 71. All participating clubs will send or make available through their official website or FTP service at least 10 action photos (five of the home team and five of the visiting team) before the end of the second period of each home game to the Company (news@euroleague.net and mediacommunication@euroleague.net) and to the visiting club. The Company, EP and the visiting club will have the right to use the photos on all their different platforms for promotional purposes and transfer them to all their sponsors and partners for promotional purposes.

Article 72. Each club will have to send to news@euroleague.net high-quality individual pictures of its player(s) (full-body, half-body and headshot pictures wearing the official main playing uniform of the EuroCup and on a white background) before one week prior to the start of the competition. When a club registers a new player within the season, the club will also have to send the player's pictures no later than three days after the player arrives at the club.

Article 86. For the purpose of these Regulations, and specifically for the provisions of this chapter, the applicable definitions of terms are the following:

- a) “International feed production company” (hereinafter “IFPC”): any company in charge of the TV production of the EuroCup games or any other events organised by EP, being either an external production company hired by EP or any host broadcaster or rights holder.

Article 87. TV, Mobile and Internet Rights

87.1. EP is the exclusive and sole owner of any and all present or future audiovisual rights for the EuroCup competition worldwide and can enter into sublicense or exploitation agreements with any third party.

EP will be entitled to assign, grant, license or transfer the audiovisual rights to any third party, exclusively or not, and under the terms and conditions that it deems appropriate, without obtaining the prior consent of the club for this purpose.

In the case that the club owns its private TV channel, this channel may broadcast the club’s EuroCup games on a delayed basis, provided that there is a 24-hour embargo with respect to the tip-off time of the game in question.

Each club is also entitled to stream its games on its own website, provided that this web stream is protected by a geoblocking system and available only within the club's country.

In no case will the clubs be allowed to stream the footage of the entire game in a rerun or delay basis on any social media, TV channel website or the club's website. In this regard, the club is only entitled to stream a maximum of 90 seconds from each single game on these platforms.

Article 88. TV

The Company will authorise the personnel of the various rights holders to access the arenas and shoot the games live and/or record any type of footage in accordance with the terms and conditions established by the Company.

88.1.2. EP may at its own discretion authorise access and the recording of footage to the non-rights holders that have previously requested it, under the terms and conditions agreed with EP after consultation with the clubs.

88.1.3. Additionally, the clubs may request the Company's authorisation for other non-rights holders to access the arenas and record any type of footage under the terms and conditions agreed with EP.

88.1.4. All media associated directly with the clubs will be considered as non-rights holders as detailed in the EuroCup TV Broadcasting Manual, and may request the Company's authorisation to access the arenas and shoot any type of footage, under the terms and conditions agreed with EP.

Notwithstanding the above, during the season the Company will distribute the weekly highlights, which will last one minute, free of charge and through FTP, to all those media owned directly by the clubs that formally request this service, for use only by those media.

Additionally, the clubs may request the weekly highlights, free of charge, for promotional purposes.

88.2. Club Duties in Relation to Game Broadcasting

- 88.2.1.** Only the IFPC's cameras and those of the rights holders of the two participating teams will be permitted to shoot the time-outs and intervals between periods with audio and video during games. No other cameras will be permitted in the team bench area, except when authorised by the Company.
- 88.2.2.** All camera positions will have a clean unobstructed image directly to the playing court. The master camera and the close-up camera will be placed on the side of the court opposite the team benches, on an elevated platform so that the view is not obstructed when spectators stand, centred exactly at the centre line. This platform must have enough space for up to five video cameras. In the event that the arena does not provide an acceptable location for these cameras, it is the responsibility of the club to provide a platform and the optimum location for these cameras for the integrity of the TV product.
- 88.2.3.** The clubs will fully cooperate in helping the IFPC place TV cameras included in its camera plan (see Graphic 13a) inside the arena [including but not limited to the reverse angle camera, other possible cameras in the main platform, the pole cam, the crane cam, the team benches' cams, the super slow motion cameras next to the playing court and the mini cams attached to the basket support structures (see Graphic 13b)]. The clubs will always help find the best location available for both the required and optional cameras that the IFPC may opt to use (see Graphic 13a and Graphic 13b). These cameras will not obstruct the spectators' view of the playing court and will be placed in compliance with the relevant safety and security measures.
- 88.2.4.** Of all possible commentary positions for home team and visiting team rights holders installed in each venue, at least four positions (with a total of eight seats) will be provided at the lowest level of the seating area behind the courtside seats, with good visibility of the playing court, located at the sideline on the opposite side of the team benches and perpendicular to the centre line. In the case that this area is not available, the Company will authorise providing the commentary positions at the endline or at the corners. In this case, the commentary positions will be located in a slightly elevated seating area behind the courtside seats.
- 88.2.5.** All commentary positions must be equipped with a dedicated high bandwidth internet connection (DSL or cable) with download and

upload speeds of at least 10Mbps, with one Ethernet cable for every two seats.

WHEREAS EP is a company whose core business consists of the promotion, organisation, management and exploitation of professional basketball competitions at European level named EuroLeague and EuroCup (hereinafter jointly referred to as the “Euroleague Basketball competitions”);

WHEREAS the Club is a professional basketball club and as such is the owner or licensee of some commercial, image and intellectual property rights related to the Club and its players, coaches, staff and other individuals belonging to the Club or somehow related to it;

WHEREAS the Club is willing to access and participate in the competition named EuroCup (hereinafter referred to as the “EuroCup”) and therefore to fulfil the requirements established in the official and approved EuroCup Bylaws (hereinafter referred to as the “EuroCup Bylaws”); and

WHEREAS the Club is willing to grant EP some commercial, image and intellectual property rights related to the Club and to the players, coaches, staff and other club-related individuals in order to allow the exploitation of the EuroCup by EP by any means, formats, materials or procedures.

NOW, THEREFORE, both parties have agreed to enter into this Licence Contract, which will be governed by the following

CLAUSES

1. The Club agrees and commits itself to fulfil each and every rule appearing in the EuroCup Bylaws and any subsequent modifications, amendments and appendices thereto.
2. With the aim that the rights and obligations under this Licence Contract are effective, the Club is obliged to submit no later than 1 July of the current year the corresponding security deposit as determined by EP in order to cover all those financial obligations that as a consequence of its participation in the EuroCup and for any reason whatsoever it may have towards EP and/or the company that may be constituted, or entrusted by EP with the task, to deal with the organisation and administration of the EuroCup (hereinafter the “Company”).

Without prejudice to what is stated herein, the security deposit will be returned to the Club after the end of the EuroCup season (fully, if the Club has fulfilled all its obligations, or partially if the Club has any overdue payables, of any kind and nature, with EP and/or the Company, for any reason whatsoever, as a consequence of its participation in the EuroCup). Should EP or the Company withdraw, fully or partially, the security deposit, the Club commits itself to reimburse the security deposit, for the purpose of complying with what is established in this paragraph.

Failure to provide the required security deposit within the deadline of 1 July of the current year will result for the Club in the forfeiture of the licence and in the loss of any and all rights recognised herein (including but not limited to the right to compete in the EuroCup).

3. On condition that all Club’s obligations are fulfilled, EP grants the Club the licence to participate for one season with its highest level team in the EuroCup, as described in the EuroCup Bylaws and any subsequent modifications, amendments and appendices thereto.

In addition, the Club will be entitled to receive the economic amounts established and allocated by EP as sports pool for its participation in the EuroCup, as well as the economic amounts established and allocated by EP as market pool where relevant.

4. The Club commits itself to participate in the EuroCup, as well as in any exhibition, preparation or friendly game when the Club is required to do so, in full compliance with the rules, regulations, agreements and resolutions of the management bodies of EP and the Company. In consideration of this, the Club will be entitled to all the rights derived from those rules, regulations, agreements and resolutions.

5. The Club hereby grants EP on an exclusive, worldwide and royalty-free basis all its audiovisual rights related to the Club and its participation in the EuroCup or in any other competitions, events or performances of any nature directly or indirectly organised by EP or by any of its successors, licensees or assignees.

As the exclusive owner of all the audiovisual rights, EP will be entitled to use and exploit them without any limitation and in the manner that it deems appropriate, through any form of exploitation and by any means, formats, materials or procedures, either during the term of this Licence Contract or after its resolution or termination whatever the cause or reason. EP will also be entitled to assign, grant, license or transfer the audiovisual rights to any third parties, exclusively or not, and under the terms and conditions that it deems appropriate, without obtaining the prior consent of the Club for this purpose.

In the case that the Club owns its private TV channel, this channel may broadcast the Club's EuroCup games on a delayed basis, provided that there is a 24-hour embargo with respect to the tip-off time of the game in question.

6. The Club expressly authorises EP, the Company, or any of their successors, licensees or assignees to use and exploit, without any restriction, any logos, symbols, trademarks and names of the Club for any and all commercial, advertising and promotional purposes aimed at promoting the EuroCup, including the production, licence and/or sale of EuroCup merchandise and other commercial materials. The authorisation granted by means of this clause is made on a worldwide and royalty-free basis and allows EP to use and exploit, without any restriction, any logos, symbols, trademarks and names of the Club, alone or together with the logos, symbols, trademarks and names of EP or of any third party, through any form of exploitation and by any means, formats, materials or procedures, for any and all commercial, advertising and promotional purposes.

The authorisation of the Club includes the right of EP to assign, grant, license or transfer the use and exploitation of the logos, symbols, trademarks and names of the Club to any third party and, in particular but without any limitation, to the official EuroCup sponsors (hereinafter "EuroCup sponsors"), licensees, TV broadcasters and other business parties, under the terms and conditions that EP deems appropriate and without obtaining the prior consent of the Club for this purpose.

7. The Club declares to have obtained, and hereby grants EP, all the commercial and advertising exploitation of the image rights (including all rights for the name, nickname, initials, signature, number, image, likeness (photograph, caricature, etc.), voice, personal or biographical data or any combination, reproduction or simulation thereof) of its players, coaches, staff and other individuals belonging to the Club or somehow related to it, on a worldwide and royalty-free basis, provided that the image of these

individuals appears linked to the Club, the individuals wearing its apparel and footwear, or when the relevant individual participates in any public events organised by the Club or by EP, and provided that these events are related to the EuroCup or to any other competitions, events organised by EP or by any of its successors, licensees or assignees.

The choice of the system of commercial and advertising exploitation of the image rights, granted in accordance with the previous paragraph, will be the remit of EP or any of its successors, licensees or assignees. The Club commits itself to the collaboration of the individuals mentioned above in the selected system of commercial exploitation.

The Club declares to have obtained, and hereby grants EP, its players', coaches', staff's and other club-related individuals' name, nickname, initials, signature, number, image, likeness (photograph, caricature, etc), voice, personal or biographical data or any combination, reproduction or simulation thereof, for any and all commercial, advertising and promotional purposes, including the production, licence and/or sale of EuroCup merchandise (as examples, and not as an exhaustive list: calendars, agendas, clothing, footwear, sporting articles, toys and video games), other than to imply any direct endorsement by these individuals of a product or service (other than the EuroCup and the EuroCup sponsors).

The authorisation of the Club includes the right of EP to assign, grant, license or transfer the use and exploitation of the rights above to any third party and, in particular but without limitation, to EuroCup sponsors, licensees, TV broadcasters and other business parties, under the terms and conditions that EP deems appropriate and without obtaining the prior consent of the Club for this purpose.

8. As for the audiovisual, sponsorship, advertising, internet and merchandising rights related to the EuroCup:

8.1. The Club hereby recognises and acknowledges that EP has been granted the sole and exclusive right to hold, use and exploit any and all commercial aspects of the EuroCup, including, but not limited to, the right to retain:

- a) All revenues from any EuroCup sponsor.
- b) All revenues from the exploitation of any and all audiovisual rights of any nature and pertaining to the EuroCup competition, including without limitation the use of any and all still footage (provided that they have been extracted from moving footage) and moving footage, irrespective of how these footage has been recorded, reproduced, copied, stored, transmitted, or otherwise treated by any known or future means.

- c) All revenues from the exploitation of internet sites relating to the EuroCup (but for the avoidance of doubt no revenues from internet sites owned by the Club are included).
 - d) All revenues from the title or naming or presenting or main sponsor and other EuroCup sponsors and/or any EuroCup game.
 - e) All revenues from EuroCup merchandise, it being understood that this right will extend to producing said merchandise or licensing the related rights.
 - f) All revenues from the exploitation of the official EuroCup suppliers (including without limitation, the suppliers of the ball, drink and computer services).
 - g) All revenues from official publications of the EuroCup.
- 8.2. The Club also acknowledges and agrees that EP is fully entitled, without limitation, to assign, grant, license or transfer, in full or in part, any and all rights related to the EuroCup, as referred to in the preceding paragraph, to a third party according to the terms and conditions to be agreed between EP and this third party.
- 8.3. The Club acknowledges and agrees that EP is entitled to:
- a) One third of the entire commercial electronic inventory, including 24 minutes on the electronic advertising boards around the playing court within the TV cameras coverage, in the arena where the Club is going to hold, as home team, the EuroCup games. When a game goes to overtime, EP is entitled to one third of the inventory on these electronic advertising boards.
 - b) One advertising space for EuroCup self-promotion or for EuroCup sponsors positioned facing the playing court, on the upper side of each endline (so as to be within the TV cameras coverage) and between the team bench area and the basket support structure, and one advertising space for EuroCup sponsors placed on each end of the playing court, behind the endlines and in front of the basket support structures, in the arena where the Club is going to hold, as home team, the EuroCup games.
 - c) The sole ownership of the advertising rights of the arenas where the EuroCup Finals games and any other special events, including but not limited to All-Star games, are to be held.

- d) One third of the digital advertising inventory of the Club, including the Club's official website, for EuroCup self-promotion or for EuroCup sponsors.

The Club acknowledges and agrees that any and all rights mentioned in this Paragraph 8.3 may be modified by the governing bodies of EP and/or the Company.

The Club further acknowledges and agrees that EP is fully entitled, without limitation, to assign, grant, license or transfer any and all rights arising from this Paragraph 8.3 to a third party.

- 8.4. The Club also acknowledges and agrees that EP may grant exclusivity to the title or naming or presenting or main sponsor of the EuroCup and may also grant exclusivity to up to four EuroCup sponsors. In this case, under no circumstance may the Club's sponsors (including but not limited to advertising located within the TV cameras coverage on the playing court or elsewhere in the arena) enter into conflict with the EuroCup sponsors.

Notwithstanding the foregoing, the title or naming or presenting or main sponsor of the Club will be protected when it coincides with the EuroCup sponsors above. In this case, the aforementioned EuroCup sponsors might share commercial, advertising and promotional activities within the arena with the title or naming or presenting or main sponsor of the Club.

9. The Club acknowledges and accepts that EP may assign, grant, license or transfer the organisation and administration of the EuroCup to the Company or to a third party, which could be the direct or indirect beneficiaries or licensees of this Licence Contract or of the rights granted by the Club to EP herein.

The Club expressly agrees that EP may at its sole discretion offset and compensate for any sum due by the Club for any reason whatsoever (including but not limited to any economic obligations such as payment to referees or payment of fines) to EP, the Company and/or any other club that participates or has participated in the EuroLeague and/or the EuroCup against any sum due by EP or any of its successors, licensees or assignees to the Club.

10. The Club expressly declares that it neither directly nor indirectly:
 - a) Holds or deals in the securities or shares of any other club participating in the EuroCup, or
 - b) Is a member of any other club participating in the EuroCup, or

- c) Is involved in any role whatsoever in the management, administration and/or sporting activity of any other club participating in the EuroCup, or
- d) Has any power whatsoever in the management, administration and/or sporting activity of any other club participating in the EuroCup.

The Club accepts and declares that no person involved in any role whatsoever in the management, administration and/or sporting activity of the Club is or may at the same time, either directly or indirectly, be involved in any capacity whatsoever in the management, administration and/or sporting activity of another club participating in the EuroCup. In addition, no person involved in the management of the Club may, either directly or indirectly, hold or deal in the securities or shares of any other club participating in the EuroCup.

The Club accepts and declares that no person directly or indirectly by themselves or involved in any company representing players and/or coaches may either hold or deal in the securities or shares of the Club or have any power whatsoever in the management, administration and/or sporting activity of the Club.

11. The Club represents and warrants that it is the exclusive owner of all the rights granted by virtue of this Licence Contract, that these rights are free of any charges or limitations, that the use and exploitation thereof by EP will not involve or lead to an infringement of any third party rights and that there is no claim or dispute regarding these rights that could disrupt or affect their full and unhindered use and exploitation by EP in any way. The Club will indemnify, defend and hold harmless EP, its affiliates, owners, directors, officers, employees and agents against any liabilities, damages, expenses, costs, claims, proceedings, fines or penalties in connection with: (i) any inaccuracy, omission, misrepresentation or breach of any representation and warranty herein; and/or (ii) the breach of any other provision of this Licence Contract.

The Club undertakes not to request, demand or claim from EP any other economic consideration in the future in relation to the rights granted by virtue of this Licence Contract and their use and exploitation by EP.

12. The stipulated term of this Licence Contract is one season. At the end of the one-season period, the Licence Contract will expire on 30 June of that year, without prejudice to any pending obligations that are derived from the participation of the Club in the EuroCup and that will remain in force until complete fulfilment. Should the Club maintain the requirements that, according to the EuroCup Bylaws, are necessary for participation in the EuroCup, the Club will be entitled to sign a new Licence Contract.

13. Cancellation:

EP has the right to immediately cancel this Licence Contract and the licence granted hereunder, not to renew it or temporarily suspend it at its own discretion, by written notice to the Club, if the Club finds itself under any of the circumstances below, or for any other reason included in the EuroCup Bylaws:

- a) The Club fails to comply timely, accurately, completely and in good faith with any material obligation derived from this Licence Contract, the EuroCup Bylaws or any other EuroCup regulation, rule, agreement or resolution of the governing bodies of EP and the Company.
- b) The Club fails to comply with its duties towards EP or the Company, as set down in the agreements and commitments entered into with these companies, prevents or obstructs the fulfilment of the contracts entered into with EP and the Company (including but not limited to the Audiovisual Rights Licence Agreements and Sponsorship Agreements) or fails to comply with the economic control rules approved by the governing bodies of EP and/or the Company.
- c) The conduct or omission of the Club, its owner(s) or manager(s) or any person(s) acting for the Club, is or becomes seriously detrimental to the image and standing of EP, the Company, the EuroCup or other clubs participating in the Euroleague Basketball competitions (including but not limited to any action incompatible with basic values of sports and ethics).
- d) The Club has been formally declared bankrupt or insolvent by a competent body in its home country, has entered into liquidation or dissolution or any similar proceeding affecting the ordinary course of its activity, or it is in a situation in which it is obliged under law to file an insolvency proceeding or be entered into liquidation or dissolution, winding up or any similar proceeding in its jurisdiction.
- e) The Club does not cooperate with the utmost diligence and in good faith with any governing body or representative of the EuroCup, EP or the Company or any of their successors, licensees or assignees.
- f) The Club has been sanctioned with the prohibition of participating in the Euroleague Basketball competitions.

In addition to the cancellation or suspension of the Licence Contract, EP may claim any damages related thereto.

14. The Club will not in any way assign, grant, license or transfer this Licence Contract or the related licence to any third party nor will it assign, grant, license or transfer to any third party the rights and duties arising hereunder without the prior written consent of EP.

To grant the authorisation established in the paragraph above, EP will take into account if the operation in question guarantees the compliance with the EuroCup Bylaws, and if it is beneficial for the EuroCup, for the promotion of basketball and for the commercialisation of the EuroCup properties.

15. This Licence Contract will be governed by and construed in accordance with the substantive law of Switzerland.

All disputes arising out of or in connection with this Licence Contract, including any question regarding its existence, validity, interpretation, breach, performance or termination, will be ultimately and exclusively settled under the Rules of Arbitration of the International Chamber of Commerce by a panel of three arbitrators appointed in accordance with these Rules. The arbitration will be conducted in English and the seat of arbitration will be in Lugano (Switzerland). Prior to resorting to arbitration, the parties are obliged to attempt an amicable settlement through the good offices of a mediator appointed by the Court of Arbitration for Sport (CAS) in Lausanne in accordance with the CAS Mediation Rules; if the settlement is not achieved in 30 days, either party may resort to the arbitration procedure above. The parties will be bound by a duty of confidentiality.

In witness whereof, the parties have caused this Agreement to be executed by their duly authorised representatives as of the date mentioned on the first page hereof, in two original copies, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

APPENDIX V

2017-2018 EURO CUP REGULAR SEASON DRAW CRITERIA PROCEDURE

2017-18 7DAYS EUROCUP DRAW CRITERIA AND PROCEDURE

The draw will be held according to seeds.

- The 24 qualified teams will be divided into six seeds with four teams in each, in accordance with the Club Ranking elaborated for this purpose.
- The performance of teams in European competitions during a three year period will be used. Each club will get 2 points for a win and 1 point for a tie or loss from the Regular Season onwards. 2 bonus points are allocated for reaching the last 16, 2 bonus points are allocated for reaching the last 8, 1 bonus point is allocated for reaching the last 4, 1 bonus point is allocated for reaching the Finals. The Club Ranking consists of the sum of the club coefficients from the last three years. The results of the worst performing team from each country/League will be added together every year to create a position for that country/League in the Club Ranking. This is the lowest possible position that any club from that country/League can occupy in the draw.
- If two or more teams have the same Club Ranking, the tie will be resolved by the total number of wins during the three year period. Should a tie persist, the final standings in the Euroleague and if necessary EuroCup from the previous season will be used to break the tie. Should a tie still persist, the final standings in the domestic championship from the previous season (after the playoffs) will be used to break the tie. Should a tie still persist, a draw will be used to break the tie, with the Company determining the method for the draw.
- The first four teams from the Club Ranking participating in the Regular Season will be 1 Seeds, the next four 2 Seeds, the next four 3 Seeds, the next four 4 Seeds, the next four 5 Seeds, and the remaining four teams will be 6 Seeds.

GROUP DRAW RESTRICTION

The restriction when drawing the teams into groups is the following:

- Two teams from the same country cannot coincide in the same Regular Season group, except when there are five teams from the same country participating in the Regular Season. For these purposes, teams qualifying via the Adriatic League will be considered as teams coming from the same country.

GROUP DRAW PROCEDURE

- Teams will be drawn one by one from an urn containing only teams in the same Seed, from the 1 Seeds through to the 6 Seeds, until all 24 teams have been selected.

- For each spot drawn, the urn will be emptied and refilled with only those teams from the level drawn, taking into consideration any restrictions.
- In the Regular Season, teams from the same country may not coincide in the same group. Therefore, when drawing teams from the 2 Seeds through to the 6 Seeds, only those teams from a country different than the ones already drawn into the Group will be placed in the urn. In the case of five teams from the same country participating in the Regular Season draw, the Group Draw Restrictions will be applied until it is physically impossible.
- e.g.1. If a spot is to be drawn into a Group where there is already a team from a specific country, the teams from the country in question will not be placed in the urn.
- e.g.2. If a spot is to be drawn into a Group and a certain team(s) cannot be drawn in a later Group, this team(s) will be the only one(s) placed in the urn.
- A team may be placed directly into a Group in order to follow the restriction mentioned above.

Drawing the teams as explained above will eliminate all possibilities of a blocked situation.

CALENDAR DRAW

A random computer draw will determine the final position of teams within their group.

- The Regular Season calendar draw will allocate letters from A to F to the teams in each group. This will establish the match-ups for the entire Regular Season.
- The Regular Season games will be held according to the following chart:

Round 1	F-C	D-B	E-A
Round 2	A-F	B-E	C-D
Round 3	F-D	E-C	A-B
Round 4	F-B	C-A	D-E
Round 5	E-F	A-D	B-C
Round 6	A-E	B-D	C-F
Round 7	D-C	E-B	F-A
Round 8	B-A	C-E	D-F
Round 9	E-D	A-C	B-F
Round 10	C-B	D-A	F-E

Non-coincidence letters: (when one team plays at home, the other plays away):
A with D; B with F; C with E.

CALENDAR DRAW RESTRICTIONS

- Non-coincidence letters will be allocated to teams that play in the same city/arena, so that when one team plays at home the other will play away.

APPENDIX VIII

COMMON ACCOUNTING REGULATIONS

COMMON ACCOUNTING REGULATIONS

IMPLEMENTATION PHASES I AND II

Article 1. Introduction

The explanation and specification of homogeneous accounting criteria for all the EuroCup clubs is necessary when analysing the economic stability of these clubs.

The analysis of this economic stability must be measured by financial parameters so that the information obtained can be compared with appropriate reliability.

Article 2. Objectives

We start from the basis that the EuroCup is a whole in which the problem of a particular club has influence on the other clubs, and therefore on the system, which can be affected in the economic and sporting areas or even damaged or favoured in terms of image.

We can divide the goals into two categories:

a) Short-term goals (corresponding to Phase I)

- Provide information (starting point for all studies).
- Homogenise the documents (transforming the information provided).
- Provide the system with the strictest confidentiality.

b) Medium- and long-term goals (corresponding to Phase II).

These goals are aimed at the clubs taking advantage of the setting derived from the development and enrichment of the competition. This will enable them to increase their revenues and give a greater security to their financial structures in view of the possible market instability in the future. Thus, the continuity in the Euroleague Basketball competitions will be guaranteed for each season.

In those countries in which the leagues have established some analogous regulations, a mutual agreement will be reached to avoid duplications and guarantee the correct coordination between these regulations and the Common Accounting Regulations.

Article 3. Definitions

For the purpose of these regulations, the applicable definitions of terms are the following:

- a) **T season**: the official basketball season (from 1 July to 30 June) in which the club participates in the EuroLeague.
- b) **T-1 season**: the season immediately preceding the T season. The T-1 season is the one in which the club submits its application to participate in the EuroLeague the following season.
- c) **T-2 season**: the season immediately preceding the T-1 season.
- d) **T-3 season**: the season immediately preceding the T-2 season.
- e) **T-4 season**: the season immediately preceding the T-3 season.
- f) **Fair play result**: the difference between total revenues and total expenses for each reporting period, which must be calculated in accordance with Exhibits A and B hereto.
If total expenses are less than total revenues for a reporting period, then the club has a surplus/profit.

If total expenses are greater than total revenues for a reporting period, then the club has a deficit/loss.

In case of an aggregate deficit for the monitoring period and to enable a better understanding of the facts, the club may demonstrate that the aggregate deficit is reduced by a surplus (if any) resulting from the sum of the results from the two reporting periods prior to T-2 (i.e. reporting periods T-3 and T-4).

If a club's financial statements are denominated in a currency other than euros, then the fair play result must be converted into euros at the average exchange rate of the reporting period.
- g) **Aggregate result**: the sum of the fair play results of each reporting period covered by the monitoring period (i.e. reporting periods T-1, T-2 and T-3).
- h) **Aggregate deficit**: the situation when the aggregate fair play result for the monitoring period is negative (below 0).

- i) **Overdue payables:** Payables are considered as overdue if they are not paid according to the agreed terms.

Payables are not considered as overdue if the club is able to prove that:

- i. The club has paid the relevant amount in full; or
- ii. The club has concluded an agreement that has been accepted in writing by the creditor to extend the deadline for payment beyond the applicable deadline; or
- iii. The club has brought or contested a legal claim that has been deemed admissible by the competent authority under national law or has opened proceedings with the national or international authorities or relevant arbitration tribunal contesting liability in relation to the overdue payables; however, if the decision-making bodies (ECA and/or the Management Control Commission) consider that this claim or contestation has been brought or these proceedings have been opened for the sole purpose of avoiding the deadlines set out in these regulations (i.e. in order to buy time) and/or that this claim or contestation is unfounded, the relevant amount will still be considered as an overdue payable.

- j) **Costs of acquiring a player's registration:** amounts paid and/or payable to another club and/or a third party for the acquisition of a player's registration, including training compensation and solidarity contributions and excluding any internal development or other costs.

Accounting requirements for player registrations:

1. Notwithstanding that each club has to prepare audited annual financial statements under its own national accounting practice for incorporated companies, the International Financial Reporting Standards or the International Financial Reporting Standard for Small and Medium-sized Entities, these regulations include specific accounting requirements for player registrations carried as intangible fixed assets.
2. Clubs that capitalise the costs of acquiring a player's registration must apply certain minimum accounting requirements as described in paragraph 4.
3. If a club has an accounting policy to expense the costs of acquiring a player's registration rather than capitalise them, and this is permitted under its national accounting practice, there is no requirement for this club to apply the minimum accounting requirements set out below and it

does not have to prepare restated figures. In this case, the total amount would be considered as an expense of the relevant season.

4. The minimum accounting requirements for clubs that capitalise the costs of acquiring a player's registration are as follows:
 - a) In respect of each individual player's registration, the depreciable amount must be allocated on a systematic basis over its useful life. This is achieved by the systematic allocation of the cost of the asset as an expense over the period of the player's contract.
 - b) Only direct costs of acquiring a player's registration can be capitalised. For accounting purposes, the carrying value of an individual player must not be revalued upwards, even though management may believe market value is higher than carrying value. In addition, whilst it is acknowledged that a club may be able to generate some value from the use and/or transfer of locally trained players, for accounting purposes costs relating to a club's own youth sector must not be included in the balance sheet – as only the cost of players purchased is to be capitalised.
 - c) Amortisation must begin when the player's registration is acquired. Amortisation ceases when the asset is classified as held for sale or when the asset is derecognised (i.e. the registration is transferred to another club), whichever comes first.
 - d) All capitalised player values must be reviewed individually each year by management for impairment. If the recoverable amount for an individual player is lower than the carrying amount on the balance sheet, the carrying amount must be adjusted to the recoverable amount and the adjustment charged to the profit and loss account as an impairment cost. It is recommended for each club to apply consistent accounting policies in respect of player registration costs.
5. The club must prepare supplementary information (to be submitted to the Management Control Commission) if the accounting requirements described in these regulations are not met by the disclosures and accounting treatment in the audited annual financial statements. The supplementary information must include a restated balance sheet, profit and loss account and any associated notes to meet the requirements set out above. There must also be included a note (or notes) reconciling the

results and financial position shown in the supplementary information document to those shown in the audited financial statements (that were prepared under the national accounting practice). The restated financial information must be assessed by the auditor by way of agreed-upon procedures.

- k) **Net player transfer revenues**: the profit/(loss) on the disposal of a player's registration to another club to be recognised in the profit and loss account is the difference between the disposal proceeds and the residual carrying value of the player's registration in the balance sheet as at the date of the transfer.
- l) **Net player transfer balance**: the difference between the net player transfer revenues of the club for the relevant season and the player's registration costs allocated to expenses for the same season.

The following concepts will be considered within the player salaries for the relevant season:

- If the net player transfer revenues of a specific season are greater than the player's registration costs allocated to expenses of the same period, then the club has a surplus transfer balance. This surplus will be used to reduce the cumulative player salary cost of the relevant season.
- If the net player transfer revenues of a specific season are lower than the player's registration costs allocated to expenses of the same period, then the club has a deficit transfer balance. This deficit increases the cumulative player salary cost of the relevant season.

m) **Player salaries**:

The following concepts will be included within the player salaries for the relevant season:

- Gross salary received by players
- Surplus/deficit player transfer balance
- Players' agent fees are considered to be paid directly by the player. If the club paid for them, those amounts would be considered as part of the player salaries.

The gross salary of the season will be fully registered in the profit and loss account of that season on an accrual basis.

The criteria used in paragraphs j), k), l) and m) for players will also be applied for coaches.

- n) **Gross salary:** aggregate amount of wages received by an individual on a regular basis, usually monthly, including any tax payments made by the club originating from the net salary. In addition, social security contributions, payments according to image rights, compensation for early termination, provisions for any bonuses and payments in kind must be included in the gross salary.
- o) **Image rights payments:** the amounts due to employees (either directly or indirectly) as a result of contractual agreements with the clubs for the right to exploit the image or reputation of the employees in relation to basketball and/or non-basketball activities.
- p) **Payment in kind:** the use of goods or services as payment instead of cash (such as housing, cars and free or subsidised goods or services) plus any applicable taxes.
- q) **Related party:** a person or entity that is related to the club, taking into account the substance of the relationship and not merely the legal form.
- i. A person is considered a related party to the club if that person has control, joint control or significant influence over the club.
 - ii. An entity is considered a related party to the club if:
 - Both entities are members of the same group.
 - Both entities are controlled, jointly controlled or significantly influenced by the same government.
 - One entity has significant influence over the other entity.
 - One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - Both entities are joint ventures of the same third party.
 - One entity is a third party of a joint venture and the other entity is an associate of the third party.
 - The entity is controlled or jointly controlled by a person identified in Paragraph i. above.
 - A person identified in Paragraph i. above has significant influence over the entity or is a member of the key management personnel of the entity.

- The entity, or any member of a group of which the entity is a member, provides key management personnel services to the club.
- r) **Shareholders/related-party contributions.** Contributions from shareholders/related parties include:
- i. Amounts received from a shareholder/related party as a donation that are an unconditional gift made to the club and that increase the club's equity without any obligation for repayment; and/or
 - ii. Share capital increase: payments for shares through the share capital or share premium reserve accounts less capital reductions; and/or
 - iii. Revenue transactions from a related party: the amount to be considered as a contribution will be no more than an amount equivalent to the difference between the actual revenues in a reporting period and the fair value of the transaction(s) in a reporting period; and/or
 - iv. Club contribution to the basketball department.
- s) **Related-party transaction:** a transfer of resources, services or obligations between related parties, regardless of whether a price has been charged.
- t) **Fair value:** the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. An arrangement or a transaction is deemed to be 'not transacted on an arm's length basis' if it has been entered into on terms more favourable to either party to the arrangement than would have been obtained if there had been no related party relationship.

Article 4. Documentation and Deadlines

Each club will submit the following documents to the Management Control Commission:

4.1. No later than 15 June:

 - ii. Closing Forecast dated 30 June of the annual financial statements of the T-1 season.

Those clubs that have already provided the audited annual financial statements of the two immediately previous seasons (T-2 and T-3) because of their participation in the Euroleague Basketball competitions in the immediately preceding season will not need to submit these documents again.

- Budgeted profit and loss account of the T season.

- d) Explanatory notes according to Exhibits A and B.
- e) Auditor's report in English with an opinion on the presented annual financial statements.

The annual financial statements **must be audited by an independent auditor:**

- a)** The auditor must be independent in compliance with the International Federation of Accountants (IFAC) Code of Ethics for Professional Accountants.
- b)** The auditor must be a member of one of the relevant IFAC member bodies. If there is no member of the IFAC within a club's territory, the club is required to use an independent auditor who is permitted by national law to carry out audit work.
- c)** The auditor's report must include a statement confirming that the audit was conducted in accordance with the International Standards on Auditing or relevant national auditing standards or practices where

these comply with, at least, the requirements of the International Standards on Auditing.

4.4. In case of multi-sports clubs or consolidated groups, besides the annual financial statements of the whole entity/group, complementary audited financial information must be provided only for the basketball department/single entity. This information must also include the following:

- a) Balance sheet and profit and loss account according to Exhibits A and B (for the period from 1 July to 30 June).

4.6. For the purpose of the spirit of financial stability and fair play, it is forbidden to circumvent the present regulations.

4.7. Basis for the preparation of financial statements

Financial statements as defined in Article 4.3 must be based on the accounting standards required by local legislation for incorporated companies – either the applicable financial reporting framework of the relevant country, the International Financial Reporting Standards or the International Financial Reporting Standard for Small and Medium-sized Entities – regardless of the legal structure of the club.

The financial statements must be approved by management and this must be evidenced by way of a brief statement and signature on behalf of the executive body of the reporting entity.

Consolidation/combination requirements:

1. The financial information of all entities included in the reporting perimeter must be either consolidated or combined as if they were a single company.

2. Consolidated financial statements are the financial statements of a group in which the assets, liabilities, equity, revenues, expenses and cash flows of the parent and its subsidiaries are presented as those of a single company.
3. Combined financial statements are those that include information about two or more commonly controlled entities without information about the controlling entity.

Article 5. Analysis and Assessment of Documents

At first, the Management Control Commission would provide the economic and financial outline. Through this outline the foundations will be laid for the study and analysis of the situation of each club, in order to detect its strong and weak points.

The reports on analyses based on parameters will be provided. They will have to be completed according to the following criteria (IAS criteria):

- a) Going Concern: financial statements prepared on the assumption that the club is a going concern and will continue in operation for the foreseeable future;
- b) Accrual Basis of Accounting: transactions and events are recognised when they occur (and not when cash or its equivalent is received or paid) and they are entered in the accounting records and reported in the financial statements of the period to which they relate;
- c) Consistency: the presentation and classification of items in the financial statements will be retained from one period to another;
- d) Offsetting: assets and liabilities will not be offset;
- e) Relevance: financial statements provide information that is relevant to the decision-making needs of users; and
- f) Reliability: financial statements represent faithfully the result and the financial position of the club and reflect the economic substance of events and transactions and not merely the legal form. They are also neutral (free from bias), prudent and complete in all material aspects.

The information presented by the clubs must be adapted to the standards set by the Management Control Commission in those cases in which the local legislation does not establish the accounting criteria mentioned in the previous paragraphs.

Implementation of the Financial and Economic Regulations

The implementation phases of the financial criteria are the following:

- Phase I: In force since the 2015–16 season.

- Phase II: This phase complements Phase I. The objective is to make possible the medium- and long-term goals proposed in Article 2.

Article 6. Management Control and Supervision Bodies

The bodies responsible for management control, decision-making and supervision will be the following:

a) Management Control Commission

- This commission will be composed of three members economically independent of and without any working relationship with the clubs.

These members must be experts of recognised prestige in finance and accounting and must also know the particularities of basketball clubs.

The members and the President of the Management Control Commission will be appointed by the General Assembly at the proposal of the Euroleague Basketball CEO.

Duties:

- Defining the general accounting criteria applicable to the clubs.
- Defining the specific accounting criteria applicable to those clubs that are not incorporated as limited companies.
- Creating the documents that the clubs must complete and send regularly.
- Requiring complementary documents and explanations when they consider it appropriate and/or appointing accounting and auditing experts to review the documentation at the club's offices.
- Deciding on conducting compliance audits of the clubs at any time in order to ensure that they are fulfilling their obligations.
- Conclude, with the consent of the club, a settlement agreement.
- Submitting to the corresponding governing bodies proposals for any actions to be taken.

In carrying out these duties, the Management Control Commission will ensure equal treatment to all clubs and will at all times bear in mind the overall objectives of these regulations, in particular to defeat any attempt to circumvent these regulations and their objectives.

b) Auditing Firm

An external auditing firm (one of the top four on an international level) independent of the clubs will be selected by tender to operate upon appointment by the Company at the club's expense.

Duties:

- Checking the reliability of the data appearing in the reports provided by the clubs.
- Guaranteeing that the statements presented to the fiscal and social security bodies are correct and that the player salaries stated are the actual ones.
- In short, verifying and certifying the information provided by the clubs.
- In the event that the information is not accurate, the Management Control Commission will propose the stipulated sanctions. Sanctions will be applied according to the gravity of the infringement.

Article 7. Confidentiality

All the information provided by the clubs will be processed by the different bodies with the utmost confidentiality.

Article 8. Cancellation or Suspension of the Right to Participate in the EuroCup

From a financial point of view, a club may not have the right to participate in the EuroCup if one or more of the following circumstances occur:

- a) If the club repeatedly fails to submit the reports within the period established.
- b) If the club has any overdue payables with former or registered players, coaches and/or employees, any other club participating in the Euroleague Basketball competitions, Euroleague Properties S.A. and/or the company designated by Euroleague Properties S.A. to manage the Euroleague Basketball competitions (hereinafter the "Company"), and/or any tax or social authorities unless a write-off plan has been approved by the Company.
- c) If the club has been formally declared bankrupt or insolvent by a competent body in its home country, has entered into liquidation or dissolution or any similar proceeding affecting the ordinary course of its activity, or it is in a situation in which it is obliged under law to file an insolvency proceeding or be entered into liquidation or dissolution, winding up or any similar proceeding in its jurisdiction.

- d) If the final Annual Financial Statements presented by the club have not been audited.

The circumstances stated in b) and c) will not be cause of cancellation or suspension of the right to participate if an alternative write-off plan or a debt recovery plan is agreed and signed between the parties involved. Said circumstances will only be cause of cancellation or suspension of the right to participate should the club's national legislation not ensure the efficiency of the recovery.

**CRITERIA REQUIRED
FOR REPORTING ATTENDANCE
AND REPORTING FORM**

CRITERIA REQUIRED FOR REPORTING ATTENDANCE AND EUROLEAGUE BASKETBALL ATTENDANCE REPORTING FORM

Being liable to modifications from time to time, the criteria required for reporting attendance are as follows:

- a) Following each game, teams must report “accurate attendance” on the official stats. This report must be the total of:
 - i. Paid season tickets, divided into premium seating and general seating;
 - ii. Paid ticket packages/mini-plans, divided into premium seating and general seating;
 - iii. Group tickets, divided into premium seating and general seating;
 - iv. Paid single-game tickets sold for each game, divided into premium and other price categories;
 - v. All complimentary tickets distributed. These tickets will be divided into premium seating, general seating and commercial tickets (contractual).

Complimentary tickets do not include people who work at the games and who do not have tickets (such as players, coaches, medical staff, concessions workers, cleaners, ushers, security, etc). However, staff members that have tickets with assigned seats will be included.

- b) On the official Euroleague Basketball Attendance Reporting Form, the same totals will be used. Item “v” above will also be based on an accurate count.
- c) Separately from the numbers above, all clubs must take whatever steps are necessary to accurately and precisely count the number of attendees at each game (people who actually attend the game), through means of hand counting ticket stubs, implementing turnstile counters or bar code counters, or through such other means as the club desires as long as all entries are precisely counted and such count does not include people who are present at the game for the production of the event as described in a) v. above.

To ensure the integrity of the 7DAYS EuroCup logos, they must never be reduced in smaller sizes than those shown on this page.

Any further reduction would impair its legibility.

Less precise reproduction methods may require the minimum size to be even greater than the sizes identified here. 7DAYS EuroCup must approve the application before reproduction in these special cases.

The Primary colours for the 7DAYS EuroCup brand are Blue and Black. These should be used wherever possible, in the ratio outlined on page 10. They have specifically chosen and great care should be taken to maintain brand impact and integrity by always checking the appropriate colour values are correct across all online and printed materials.

Secondary & tertiary colours

Grey is used as a secondary colour to compliment the primary colours. Orange should be used sparingly as a highlight or accent colour; e.g. infographics, charts and other more complex outputs.

10:1 colour ratio

In order to maintain a consistent balance of colour throughout all 7DAYS EuroCup brand communications, a colour ratio of 10:1 should be used. Black is the dominant colour, with blue used as a much smaller proportion. This creates an atmospheric and prestigious brand language, accentuating the vibrancy of the blue set within the black.

N.B. These ratios are a visual guide and approach and may be adapted slightly depending on the application. All designs should be submitted for approval before publishing.

APPENDIX XI

MEDIATION REGULATION

APPENDIX XI

MEDIATION REGULATION

1. The purpose of the present Mediation Regulation is to set out a fast and informal procedure in which all concerned parties must attempt in good faith to negotiate with each other, with the assistance and mediation of the Euroleague Basketball CEO (hereinafter “CEO”) and/or of a mediator appointed by him, with a view to settling amicably a dispute related to the hiring and transfer of a player or coach, or between a club and a player or coach related to the termination of an agreement. Any final settlement needs the agreement of all parties concerned. The present Regulation does not affect the procedure set forth by FIBA in its transfer regulations, which remains the only procedure with a binding outcome.
2. In the event of any dispute between clubs registered in the EuroLeague or the EuroCup arising out of or in connection with the hiring and transfer of one player or coach, or between a club and a player or coach related to the termination of an agreement, the clubs and the player or coach concerned must submit the matter to amicable settlement proceedings under the present Mediation Regulation prior to resorting to any other authority or mechanism of adjudication or settlement. Any other club not registered for the EuroLeague or the EuroCup may accept on a voluntary basis to submit to these amicable settlement proceedings. In the event of an established proceeding in the context of any internal regulations within a country, this domestic proceeding will take precedence and prevail over the present mediation proceeding.
3. Any party commencing mediation proceedings pursuant to this Regulation will send to the Euroleague Basketball office a written Request for Mediation, which will include:
 - a) The names of the parties to the dispute and of the player or coach concerned, as well as the name, addresses, telephone and email addresses of attorneys or agents representing them, if any.
 - b) A brief description of the dispute and of any relevant circumstances.
 - c) A copy of any written agreement or contract upon which the requesting party relies.
 - d) A copy of any other relevant document, and in particular of the denial of letter of clearance, if any.

The Company will promptly acknowledge receipt of the Request for Mediation and send a copy thereof to all parties concerned.

4. As soon as possible, the Company will consult orally or in writing with all concerned parties and establish the date for a mediation meeting and a short time limit for submission by each concerned party to the Euroleague Basketball office of a statement summarising the position on the dispute, including a description of all facts and points of law deemed relevant, and attaching any relevant document. The Company will promptly communicate copies thereof to all other parties.
5. The CEO may at any time appoint, revoke or replace a mediator of his choice, who will be his delegate and will assist him or substitute for him in performing any tasks under this Mediation Regulation.
6. In cases when a letter of clearance has already been denied by a national federation, the parties in dispute may submit petitions or appeals to the relevant FIBA bodies for the purpose of avoiding the expiry of any deadline provided by FIBA Regulations. At the same time, the parties in dispute must request the relevant FIBA bodies to suspend shortly the decision process due to the ongoing settlement negotiations between the concerned parties.
7. The CEO or the appointed mediator, with a view to keeping friendly relations between the parties:
 - a) Will advance the mediation without any formality and as expeditiously and effectively as possible;
 - b) Will facilitate discussion of the issues between the parties and promote the settlement of the dispute in any manner believed to be appropriate;
 - c) May discretionally adopt any procedural resolutions, make any suggestions or propose any possible solutions;
 - d) May discretionally talk or meet with all parties jointly, or separately with one or some of the parties or with any third parties;
 - e) May not impose a binding settlement or solution of the dispute.
8. Each party will take part in the mediation proceedings and negotiate with any other party in good faith and with the utmost fairness and sportsmanship. Each party will cooperate in good faith with the CEO and with any appointed mediator and will behave so as to facilitate and expedite the performance of the CEO's mandate. In particular, each party must attend any meeting called by the CEO or the appointed mediator, sending a representative empowered to sign a settlement agreement. The

mediator and the parties will use their best efforts to terminate the mediation proceedings within 10 days, with or without a settlement.

9. The mediation proceedings will be confidential. However, Euroleague Basketball will hold an updated list of active disputes available, upon request, to clubs, players or coaches registered in the EuroLeague and EuroCup competitions; then, in the case that a settlement is reached, a short press release agreed between all the parties and the CEO may be issued. The CEO and any staff of the Company, the mediator, the parties, their representatives and advisers, experts and any other persons present during the meetings between the parties may not disclose to any third party any information given to them during the mediation, unless required by law to do so. The parties will not compel the mediator to divulge records, reports or other documents, or to testify in regard to the mediation in any arbitral or judicial or other proceedings. The parties will not rely on, nor introduce as evidence in any sports proceedings or any arbitral or judicial or other proceedings:
 - a) Views expressed or suggestions made by a party with respect to a possible settlement of the dispute;
 - b) Admissions made by a party in the course of the mediation proceedings;
 - c) Proposals made or views expressed by the CEO or by the appointed mediator;
 - d) The fact that a party had or had not indicated willingness to accept a proposal.
10. The parties have always the right to insist on their positions and to declare that they are not willing to accept a settlement agreement; however, they may not withdraw unilaterally from the mediation proceedings. The mediation proceedings will be terminated:
 - a) By the signing of a settlement agreement by the parties concerned;
 - b) By a written communication to the parties by the CEO or the appointed mediator to the effect that further efforts at mediation are no longer worthwhile;
 - c) By the expiry of any deadline set by the CEO or the appointed mediator for the attainment or signature of a settlement agreement.

Upon termination of the mediation proceedings in accordance with b) and c) above, any party to the dispute will have the right to proceed with any available adjudication or settlement proceedings at FIBA or elsewhere.

11. The settlement agreement is drawn up by, or under the supervision of, the CEO or the appointed mediator and signed by him and the parties in as many copies as needed. One signed copy of the settlement agreement will

be kept at the Euroleague Basketball office and each party will receive a signed copy thereof. In the event of any breach of the settlement agreement, a party may rely on this copy before any arbitral, judicial or other authority, in addition to any penalty to be imposed to the breaching party.

12. At any time, the CEO or the appointed mediator may issue a statement informing the Disciplinary Judge of any past or present conduct that, in his opinion, is in breach of the present Mediation Regulation or of any other regulation, rule or agreement or that, in any way, runs counter to sportsmanship, good faith or fair dealing principles. The Disciplinary Judge may impose to any club or player or coach an appropriate sanction in accordance with the applicable Disciplinary Code. The refusal to take part in the mediation proceedings and the breach of the settlement agreement will always be considered as serious infringements.
13. The mediation proceedings will be free. Each party will pay their own costs.

APPENDIX XII

EUROCUP BROADCASTING STANDARDS

(Some modifications might be done)

APPENDIX XII

EUROCUP BROADCASTING STANDARDS**a) Game Production**

Each host broadcaster is required to cover the EuroCup games as follows:

- Produce each EuroCup game with at least six cameras in HD or alternatively, in the case that HD is not available, in SD 16:9 (4:3 safe graphics), five cameras for the game action and one camera for the footage of the game clock and shot clock to be used to apply the Instant Replay System.
- Broadcast the game with international sound, clean signal and the official EuroCup graphics previously provided by EP in English for TV broadcasters from other countries that may air the game.
- Book the DSNG trucks, uplink the signal to the satellite and provide on a free basis the parameters of a satellite available for the rights holders of the visiting team's territory and/or EP or the company designed by EP.
- Uplink the signal through a minimum of 9Mhz transmission.

b) Other Requirements

At the end of each home game, each local host broadcaster must upload a three/five-minute highlights clip of the game produced in broadcast quality to an FTP site, preferably with the following format: H.264/MPEG-4, 4Mbit/s, 1280x720 or 720x576, 25, AAC. This highlights clip will be uplinked to the satellite at the end of the live broadcast.

All rights holders of the visiting team's territory must request the signal for broadcasting the away games to the Company at least seven days before the game date.

Each host broadcaster must deliver a copy on a USB stick to the Company's TV and New Media Rights Department the day after each home game (with graphics and international sound) only if required.

Each host broadcaster must send a Beta tape of the EuroCup game requested by the Company if required for any use (EuroLeague, EuroCup, promotions, spots, opening/closing TV sequences, etc).

c) Reciprocity System

The host broadcaster agrees to provide EP and the rights holders of the visiting team's territory with access to the clean signal of the games, when requested, on a free basis (including the costs connected with the signal –transmission from the

venue, space segment and signal reception– or any other costs related to the transmission of the feed).

When both the home and away games of a specific match-up have their TV production guaranteed, the reciprocity in the exchange of signals will apply under the same conditions mentioned above. In the event that the reciprocity system is not implemented, the party that has benefited from the free signal will have to pay the corresponding transmission costs to the host broadcaster.

The Company's TV and New Media Rights Department will assist the different rights holders in the coordination of the exchange of signals of the requested games among the rights holders of the home team's territory, the rights holders of the visiting team's territory and any other third party that EP may assign.

d) Instant Replay System (IRS)

The Instant Replay System (IRS) is mandatory during the entire season, and it may be used at any time of the game according to the rules set forth in Appendix XIV to the EuroCup Regulations.

Each local host broadcaster will cooperate to apply the IRS as requested by the Company.

For the implementation of the IRS, a monitor connected with the OB van is required, as well as an English speaking technician also connected with the OB van personnel.

The Company will decide on the technology to be used for the IRS, which could be different depending on the host broadcaster but, in all cases, will meet the minimum standards established. The IRS devices will be installed at the scorer's table, so that the viewing angle of the monitor is away from the nearest team bench.

In the following picture is shown the set up for the IRS monitor:

The position of the Instant Replay System at the scorer's table for all games will be the following:

Playing Court

Visiting Club Media Director *
Arena Coordinator
ISR Operator + ISR Monitor
Caller / Backup 2
Data Entry Scorer
Caller / Backup
Timer + Digital Scoresheet Monitor
Shot Clock Operator
Euroleague Basketball Delegate
Speaker
Visiting Club Media Director *

* To be located at the position next to the visiting team bench

When the IRS is used, only the referees and the TV technician, if required by the Referee, may be around the IRS. Depending on the circumstances, the officiating crew and the observer may use the IRS if they have the authorisation of the Referee. The Referee will order any other person not complying with these requirements to leave the area.

d.1) Host Broadcasters' Responsibility Regarding Instant Replay

Each host broadcaster of all games must make its game feed available on a designated and exclusive TV monitor, which will measure at least 30cm diagonally and will be placed on the scorer's table, for use by the referees, in reviewing instant replays.

A private line of communication with the producer or game director in the TV production truck must be provided by the host broadcaster via a clearly labelled headset that will sit next to the designated TV monitor. In addition, an English speaking technician will coordinate all communications between the referees and the TV truck, and will be seated all the time at the scorer's table, to assist the referees anytime during the game.

The referees will communicate with the producer or game director in the truck, in the English language, asking for the replay to be shown to them, in

real time, slow-motion or super slow-motion, as requested by the referees. The replay will not be shown to the TV audience or fed to the in-arena video screens, but will only be provided to the designated monitor. After the Referee has rendered a decision, the replays may be shown on TV, but under no circumstances may the replays be shown on the in-arena video screens. It is the responsibility and obligation of each host broadcaster to comply with the requirements of this section.

The host broadcaster will never show the four split screen image from the Instant Replay System on TV.

The fixed camera with the official shot clock must be shown on the Instant Replay screen(s) at specified times.

It has been decided to implement a standard for the use of the Instant Replay in all EuroCup games. In order to gain uniformity on all the courts, this requirement is compulsory.

The system that will be implemented is an EVS+MULTISPLIT MONITOR+CLOCK INSERTED, which also includes an intercom system for communication between the referees and the production crew. The system consists of four camera angles (Camera 1 (central wide), camera 2 (central close), camera 3 (on the left basket floor), camera 4 (on the right basket floor), which are put in a four-window split signal. The fixed image of the game clock is embedded (and resized) in the central area of the screen. This complete signal is switched to an EVS channel of one of the EVS slow-motion machines from the OB van of the host broadcaster. An English speaking technician will be present by the playing court during the entire game at all times.

e) Referees' Microphones

Referees' microphones will be allowed live and delayed for the 2017–18 EuroCup season—should the local host broadcaster desire to use them, provided that the Company's TV and New Media Rights Department is always informed in advance—in the following manner:

e.1) Use of the microphones during time-outs and period breaks:

Referees will be alerted that they may be broadcast live on-air for the duration of each time-out and period break.

e.2) Use of the microphones in other cases:

Microphones will never be live on-air at any other time. It is very important to give referees freedom when officiating, i.e. allowing them to handle the situations without the added pressure of being susceptible of being put on-air without notice. If TV broadcasters wish to air referees' comments during play, they must record the audio and put together pre-recorded segments in the best interest of the game (avoiding

controversial situations such as tough or difficult discussions with coaches and players immediately after a play, but not technical explanations of a decision, a specific situation or a call/non-call if given in a clear and cooperative manner).

f) Graphics Templates

The Company will produce and provide for free all TV sequences and graphics templates at the start of the season to each host broadcaster airing the EuroCup, utilising the official EuroCup logo, for purposes of displaying statistics and other information. All host broadcasters are required to utilise these templates.

The score / time / 24 sec graphic must be inserted on screen at least following every field goal or final free throw, remain on screen for at least three seconds and be of a size of approximately one-fifth of the height of the TV screen. It will be inserted on a part of the screen that does not obscure the live game footage extremely recommended on the down left side of the screen.

In addition, the Company's TV and New Media Rights Department encourages its host broadcasters to insert graphics over players when they are at the free-throw line, to provide their viewers with interesting information about individual players. This would include year-to-date individual player statistics (for example, scoring, assists and rebounding averages), game-to-date individual player statistics and personal information (year of birth, country of birth, languages spoken, teams played for, etc).

To the extent that the host broadcaster shows close-up footage of people in the seating area, such as celebrities and VIPs, they are required to insert a graphic with the person's name and affiliation, which will allow the TV viewers, especially in other countries, to know who is being shown on camera.

g) Opening, Closing and Period-Break Sequences

The Company will provide graphics templates that will contain pre-recorded opening, closing and period-break sequences, of a duration no longer than 40 seconds each, which will include graphics depicting the official EuroCup logo, music and other elements, which are designed to *brand* all telecasts so the viewer will be able to easily identify the game as a EuroCup game. All host broadcasters are required to utilise these sequences.

h) Promotional Spots

The Company will provide each host broadcaster with a series of pre-recorded promotional spots, in durations of 10 seconds, 15 seconds and 30 seconds, which are designed to promote the EuroCup brand and tune-in (viewer ship) of the EuroCup games on TV. These new spots will be produced in a manner that will allow each individual station to easily insert local information, including language, as well as a graphic specifying the date, time and channel for each game broadcast.

i) Official Names

Before the start of each season, the Company will provide to each host broadcaster the correct and complete list of the official name and logo of each EuroCup club, including the official name of the players to be used on TV. Without exception, all graphics, verbal references by the commentators and other references to each club must utilise the official name and logo of the EuroCup clubs.

j) EuroCup Microphone Cubes

Before the start of each season, the Company may provide each host broadcaster with two microphone cubes, two sides of which will be pre-applied with the EuroCup logo and the other two sides of which will be left blank for insertion of the host broadcaster's logo. All host broadcasters must utilise these microphone cubes for all commentary hand-held microphones.

k) Use of Technology to Modify Advertising

No technology may be used or applied during a broadcast of a EuroCup game that would (i) obscure or replace during the game broadcast any banner, placard, billboard, message board, rotating advertising or similar means of advertising located in the arena where said game is played, or (ii) insert any advertising into the game broadcast.

l) TV Platform Position and Camera Positions (See Graphics 13)

The clubs will fully cooperate in assisting the host broadcaster to place TV cameras included in its camera plan inside the arena.

The two main TV camera positions of the mid-level centre court will be side by side and must, without exception, be placed opposite the team benches (and scorer's table) and on the same side as the TV compound, on an elevated platform, which will not be too high in any case.

In addition, only a portion of the team benches may have courtside advertising in front of the players; the first 5 chairs on each team's bench, beginning with the first chair nearest centre court, must be visible. The open area left to gain access to each team bench area will be a maximum of 3m wide.

The purpose of these rules is to make sure that TV viewers are able to see the coaches in "action" during the games, see reaction from the players sitting on the benches and to generally show the players to the TV audience.

In addition to being located opposite the team benches, in a place that is approximately 40° from the centre of the court, the main TV camera platform will be at least 7m in width and 2.50m in depth and must be high enough so that people walking or jumping with hands raised do not obstruct the cameras at operating height. Cameras are usually operated on tripods at standing height or

on "high hats" at sitting height. The actual height of the cameras may depend on any seat blockage behind the cameras.

In order to assure that the cameras do not obstruct the view of spectators sitting behind and that the view of the cameras is not obstructed by spectators sitting, standing or raising their arms in front of the cameras, the host broadcaster and the club must determine an appropriate resolution, to include requiring that cameras are operated on a "low-boy" tripod, if necessary.

To avoid any possibility that seating in front of cameras could impede the view of those cameras, the EuroCup Bylaws require that the club or arena will not distribute tickets for seats directly in front of the fixed camera positions where a spectator, standing, could impede the view of the cameras, or seats directly behind the fixed cameras where a camera could impede the view of the spectators.

The cameras will be safely placed and equipped with adequate security protection.

m) Escape Lanes

The escape lanes will be at least 0.8m in width and the camera operator space will be at least 0.5m in width for a total space of 1.3m. The size of these spaces may be reduced only with the prior authorisation of the Company.

Under no circumstances may TV cameras and/or their operators be located in the escape lanes.

n) Time-Outs

The host broadcaster's cameras and those of the rights holder of the visiting team's territory will be permitted to shoot the time-outs and intervals of play between periods with audio and video during games. No other cameras will be permitted in the team bench area, except when authorised by the Company.

INSTANT REPLAY

APPENDIX XIV

INSTANT REPLAY**Article 1. Procedures for All Replay Reviews**

- a) All replay reviews will be conducted by the officials after gathering as much information as possible from the unified scorers and the Instant Replay System (IRS) monitor. The crew chief will make the final decision.
- b) Only the officials and the IRS operator (IRSO), who must understand and speak English, will be present in the area where the IRS is installed. The crew chief will order any other person not complying with these requirements to leave the area.
- c) The call made by the officials during play will always be shown prior to reviewing the play, and this will only be changed when the replay provides the officials with clear and conclusive visual evidence to do so.

Article 2. 00:00 Game Clock

Instant replay can be referred to in the following situations:

- 2.1. A field goal made with no time remaining on the game clock (00:00) at the end of any period or any extra period. The officials are authorised to determine the following issues **only**:
 - a) Whether the time on the game clock expired before the ball left the shooter's hands.
 - b) If the shot was released on time, whether the successful field goal scored was a two-point or three-point field goal.
 - c) If the shot was released on time, whether the shooter committed an out-of-bounds violation.
 - d) Whether a shot clock violation occurred before the ball left the shooter's hands.

EUROLEAGUE BASKETBALL DISCIPLINARY CODE

EUROLEAGUE BASKETBALL DISCIPLINARY CODE

CHAPTER I

GENERAL RULES

Article 1. Object

This Disciplinary Code (the “Code”) describes the infringements and sanctions of the rules contained herein and in the EuroLeague Regulations, EuroCup Regulations and EuroLeague Club Licensing Rules, the organisation and respective powers of the hearing bodies, and the procedures to be followed for imposing measures in connection with events held under the auspices of Euroleague Commercial Assets S.A., Euroleague Properties S.A. and Euroleague Entertainment & Services, S.L.U. (jointly and severally referred to as the “Companies”).

This set of rules seeks to gather together the numerous and differing strands of an adjudicatory process into one single cohesive and coherent manual that reflects good practice and provides a guide and framework for implementation at all levels of Euroleague Basketball. It promotes high standards of behaviour and fair play for all parties involved in the Euroleague Basketball competitions as well as in other events organised under the auspices of the Companies (jointly referred to as the “Euroleague Basketball competitions”) and consistent, fair and transparent process for dealing with the proceedings provided under this Code.

Article 2. Substantive Law

The exercise of the adjudicatory system is governed by the provisions established in the articles hereof, the Bylaws and all additional provisions that, in the absence of the above, might be determined by the hearing bodies on the basis of recognised legal principles and in accordance with justice and fairness.

Article 3. Scope of Application

The disciplinary power under this Code is exercised on behalf of Euroleague Properties S.A. (hereinafter “EP”) and extends to all those persons or entities that make up the organisational structure of EP: the clubs and any persons linked directly or indirectly to them (these persons are hereinafter referred to as “Individuals”) such as their representatives, administrators, managers, executives, players, coaches, team followers, honorary members, and any other persons or entities carrying out official functions or undertaking technical or sports activities on their behalf or within the organisational scope of the Companies.

A sanction may also be imposed on clubs for infringements arising from or related to the Individuals' or spectators' behaviour.

Those who commit an infringement are those who directly or indirectly carry out the infringement, those who force or induce somebody else to commit it or those who cooperate in its execution.

The material scope of the disciplinary powers extends to:

- 3.1. Infringements of the regulations regarding the management and administration of the competition as stipulated in the EuroLeague Regulations, in the EuroCup Regulations, in the EuroLeague Club Licensing Rules, in this Code (Chapter II, Section I) or in any other resolution or provision originating from the General Assembly or the governing bodies of the Companies.
- 3.2. Infringements of the rules of the game or the Euroleague Basketball competitions or infringements contained in this Code (Chapter II, Section II) or in any other agreements, resolutions or regulations determined by the General Assembly, i.e., the actions or omissions that, during the course of the game or competition, affect, impede or disturb its normal process and are committed on the occasion of or as a result of the games or all those events or games of friendly nature organised by EP and/or any other of the Companies.

It similarly extends to infringements committed before or after the game. In this case, the sanctions that will be applied will be the same as those established for this type of infringement in the course of the game (Chapter II, Section II of this Code).

- 3.3. Infringements of the Financial Stability and Fair Play Regulations or infringements contained in this Code (Chapter II, Section III) or in any other resolutions or provisions determined by the relevant bodies as established in this Code.

Article 4. Hearing Bodies

The disciplinary powers of EP are the responsibility of the following hearing bodies: the Euroleague Basketball CEO, the Disciplinary Judge, the Appeals Judge, the Appeals Panel, the Management Control Commission and the Finance Panel. The hearing bodies have full power and jurisdiction to act in relation to all matters listed in this Code, including the power to hold investigations and impose sanctions, or take those actions that they see fit by following the procedures set out herein.

The General Assembly will designate a Disciplinary Judge, an Appeals Panel – which will serve as Finance Panel – and an Appeals Judge – who will serve as

President of the Appeals Panel and the Finance Panel when appropriate – all of whom will have legal training. The Finance Panel may be assisted by economic advice. The position of Disciplinary Judge, Appeals Judge or member of the Appeals Panel is incompatible with any position or office related to the Companies or the participating clubs.

The hearing bodies are independent and must exclusively observe the applicable rules and regulations, as well as act in accordance with what they deem to be fair and right.

Article 5. Duties of Clubs

The clubs are responsible for complying with the agreements, resolutions and regulations referred to in Articles 2 and 3 above, and for ensuring the exemplary behaviour of their Individuals and fans during the Euroleague Basketball competitions.

The home club will be responsible for the security and order in its arena and its surroundings before, during and after games. It will be responsible for any incident of whatever nature that falls within its responsibility under Article 3 above, and will be subject to the corresponding sanction.

The home club cannot take advantage of irregular or improper situations where the responsibility for preventing such situations falls on the home club.

The clubs are responsible for the behaviour of their own fans committing incidents of whatever nature during the Euroleague Basketball competitions.

Article 6. Officials Decisions

Officials' decisions connected with play situations are final as far as the result of the game is concerned, and cannot be contested or disregarded.

Article 7. Disciplinary Measures: Sanctions

The sanctions that may be imposed in accordance with this Code for the infringements herein provided are as follows:

7.1. To Individuals:

- a) Warning.
- b) Fine.
- c) Temporary or permanent prohibited access to the arenas.

- d) Temporary or permanent disqualification from the competition.
- e) Temporary or permanent disqualification from holding a position in the governing bodies of the Companies.

7.2. To clubs:

- a) Warning.
- b) Fine.
- c) Replay of the game either in the same arena as the original game, in a neutral arena or behind closed doors.
- d) Games played behind closed doors.
- e) Temporary total or partial closure of the arena.
- f) Loss of the game and, when applicable, the playoff or two-game total point series.
- g) Points or victories discounted from the team's standing.
- h) Temporary loss of the economic and political rights.
- i) Permanent or temporary disqualification from the competition up to a maximum of three consecutive seasons, with the corresponding loss of rights.
- j) Prohibition of registering new players.

Article 8. Suspended Sanctions on Probation

Disciplinary sanctions imposed under the material scope of Article 3.1 may be suspended totally or partially by the Euroleague Basketball CEO. Disciplinary sanctions imposed under the material scope of Article 3.2 may be suspended totally or partially by the Disciplinary Judge at the request of the Euroleague Basketball CEO. Disciplinary sanctions imposed under the material scope of Article 3.3 may be suspended totally or partially with the approval of the General Assembly. The suspension period will last a maximum of three years in all cases.

If another infringement is committed during the suspension period, the Euroleague Basketball CEO may reinstate the original sanction to be executed, which in turn may also be added to the disciplinary sanction imposed for the second infringement.

Article 9. Specific Provision about Disqualification

The sanction of disqualification for a certain number of games or a specific period of time will imply a prohibition of lining up, participating or being present in the arena on the occasion of as many games following the date of the infringement as the sanction may cover, in the order in which they are held, irrespective of any changes in the competition calendar or suspended or postponed games. An Individual having been disqualified is strictly prohibited from sitting in the team bench area during the games they have been suspended for.

The first game in which the sanction will be applied will be the one immediately following the notification of the ruling unless the sanction is suspended by the hearing bodies.

If a suspended Individual should fail to fulfil the sanction in the same season, this Individual will have to fulfil the sanction in the following season(s).

If the Individual changes club, assuming that the appropriate conditions exist for such a transfer, all games or periods of time under disqualification will remain pending and will be fulfilled according to the terms contained in this article. Sanctions of disqualification will be enforced not only for the position for which they were applied, but also for carrying out any other activity related to the Euroleague Basketball competitions.

If the sanction is imposed on a club, the club may not register in the Euroleague Basketball competitions for the entire sanction period.

Article 10. Specific Provision about Economic Sanctions

Economic sanctions must be paid to EP within 30 days following notification of the ruling.

Should economic sanctions not be paid within the time indicated, EP may retain a part of the economic rights of the club concerned to cover the corresponding sum or execute the bank guarantee or security deposit in the course of the competition. In the latter case, the club must, within three working days following the date of execution, replace the bank guarantee or security deposit with EP for the amount established for the competition in which it is participating (if the full amount of the bank guarantee or security deposit has been executed), or complete the bank guarantee or security deposit with the executed amount (so that the full amount thereof is available).

Besides any economic sanctions, the compensation for any damages caused as a consequence of the infringement committed will be at the expense of the infringing club.

Article 11. Liability in Solidum

The clubs are always jointly responsible (liability in solidum) for economic sanctions, either main or accessory, imposed on any of their Individuals.

Article 12. Specific Provision about Closure of the Arena

A sanction closing an arena implies the prohibition to use it by the sanctioned club during the number of games that this sanction stipulates.

The minimum distance of the arena(s) where the game(s) to which the sanction applies may be held, with respect to the city of the arena that is the object of a sanction, will be 300km by road taking the shortest route possible.

Depending on the circumstances involved in each case, the Euroleague Basketball CEO, at the request of the club after the sanction has become final, may (i) grant a special authorisation for a shorter distance; or (ii) substitute the sanction of closure of the arena for that of playing behind closed doors without spectators or vice versa.

In case of incidents originated in a specific seating section of the arena, the hearing bodies may apply a sanction closing the relevant area of the arena, thus entailing the prohibition of using that seating section. The club will be responsible for preventing the fans who were sitting in that seating section during the game in which the incidents above took place from entering other areas of the arena during the sanction period.

Article 13. Time and Effects of Sanctions

Sanctions imposed through the corresponding proceedings will be enforced immediately without the possibility of these sanctions being detained or suspended by any claims or appeals, unless the body empowered to resolve the appeal should decide to do so upon a provisional basis, ex officio or at the request of the party concerned in the written petition of the appeal.

Sanctions established after the commitment of a given infringement may not be applied retroactively. Notwithstanding, this Code has a retroactive effect only when it favours the infringing party, provided that the sanction has already been imposed but still has not been fulfilled at the time of the publication of this Code.

Article 14. Setting of Sanctions

In setting sanctions, account will be taken of the objective and subjective elements constituting the infringement, and also the damage that the penalised conduct entails for the image of the Euroleague Basketball competitions and/or

the Companies, the other clubs and the sport of basketball in general. In the same way, the hearing bodies may evaluate any ancillary, aggravating and/or extenuating circumstances that might be related to the infringement.

When there are no extenuating or aggravating circumstances, the hearing bodies, bearing in mind the greater or lesser seriousness of the action, will impose the sanction to the degree they deem appropriate.

When there are both extenuating and aggravating circumstances, they will be counterbalanced reasonably, depending on their characteristics, to determine the corresponding sanction.

In all cases, within the limits established, it is the responsibility of the hearing bodies to determine the sanction that has to be imposed in each case, taking into account the seriousness of the facts and other related circumstances and applying the principle of proportionality.

When applying fines, the hearing bodies at their own discretion will set the amount between the minimum and maximum limits established for each case, taking into account the related facts and circumstances and applying the principle of proportionality. In the event that extenuating factors and circumstances apply in case of serious infringements, the hearing bodies may set the amount below the minimum limits established.

Article 15. Exculpatory Circumstances

Exculpatory circumstances include fortuitous events, force majeure and legitimate self-defence to avoid aggression.

Article 16. Extenuating Factors and Circumstances

Extenuating factors include:

- a) Not having been previously sanctioned.
- b) Having proceeded, by spontaneous remorse, to repair or reduce the effects of the infringement, in order to satisfy the offended party or confess to the hearing bodies immediately after the infringement.

Extenuating circumstances include:

- a) Those mentioned in the previous article when not all requirements necessary to assess them are available.
- b) Having been sufficiently provoked immediately before the infringement.

Article 17. Aggravating Factors and Circumstances

Aggravating factors include:

- a) Recidivism. There is recidivism when the offender has previously been sanctioned during the current season or in the course of the three previous seasons for the same infringement.
- b) Recursion. There is recursion when the offender has previously been sanctioned during the current season or in the course of the three previous seasons for a similar or related infringement.

Aggravating circumstances include:

- a) Cheating or fraudulent behaviour.
- b) Any economic damage caused.
- c) Illicit use of authority.
- d) Not complying immediately with the decisions of the officials or the Companies' executives when such decisions are made in the exercise of their functions.
- e) Infringements, when they are committed by any person with managerial positions in the club.

Article 18. Multiple Sanctions

In no case may two sanctions be imposed at the same time for the same action, except when one of them is a fine that may be imposed in conjunction with any other sanction.

Article 19. Concurrent Infringements

If two or more infringements were to be derived from the same action, or were anyway committed jointly, the sanction that will be applied will be the one corresponding to the most serious infringement.

Article 20. Expiration of Disciplinary Duties

Causes of termination of duty include:

- a) Fulfilment of the sanction.
- b) Expiry of the infringements.
- c) Expiry of the sanctions.
- d) Death of the person held responsible.
- e) Foreclosure or dissolution of the sanctioned club.
- f) Amnesty granted by the Euroleague Basketball CEO.

Article 21. Statutes of Limitations

Minor infringements will expire after one year, serious infringements and infringements related to the Financial Stability and Fair Play Regulations will expire after three years, and doping infringements after eight years. These periods will be counted from the day following the date of the infringement.

The expiry period will be interrupted when the proceeding is initiated, but if this proceeding were to be stopped for two months by a cause not attributable to the person or entity subject thereto, the corresponding expiry period will continue from the point at which it was interrupted. The expiry period will be interrupted again when the procedure resumes.

These statutes of limitations do not apply to those cases handled under the proceedings established in Chapter II (Section II of this Code).

Article 22. Expiry of Sanctions

Sanctions will expire after three years except those stipulated for doping infringements, which expire after eight years. The expiry period will be counted from the day following the one on which the sanctioning resolution becomes final, or from the time when the fulfilment of a sanction already in force is breached, if such fulfilment had already begun.

Article 23. Honouring of Sanctions

The non-compliance with an imposed sanction or provisional or conservatory measure adopted by the Euroleague Basketball CEO, the Disciplinary Judge, the Appeals Judge, the Appeals Panel, the Management Control Commission or the Finance Panel will be considered an additional infringement and penalised by the Euroleague Basketball CEO through a fine of 30,001 euros to 280,000 euros.

CHAPTER III

Article 34. Applicable Regulations

All anti-doping violations are those specified in the FIBA Internal Regulations governing Anti-Doping.

All anti-doping violations and sanctions fall under the jurisdiction, rules and procedures of FIBA.

CHAPTER IV

PROCEEDINGS

SECTION I: GENERAL PROVISIONS

Article 35. Common Provisions

The proceedings stipulated in this Code are governed by the rules of this chapter.

The parties must use English as the language for communication. As such, the costs of any necessary translations will be the responsibility of the party concerned. The members of the hearing bodies may call for the use of interpreters.

Article 36. Right of Intervention and Representation

Any person or entity whose rights or interests may be affected by the opening of a proceeding, or a club in a proceeding involving one of its Individuals, may request to intervene in the proceeding. They must file an application to this effect with the Euroleague Basketball office, adjoining an explanation concerning the relevant reasons, immediately after the proceeding has come to their knowledge. This application must be submitted prior to the hearing, or prior to the closing of the evidentiary proceedings if no hearing is held. The hearing body will send a copy of this application to the parties involved and fix a time limit for them to express their position on the participation of the third party and to file, to the extent applicable, written observations. Then, the hearing body dealing with the case will decide whether the applicant has the right to participate in the proceedings as a party. If such a right is granted, from that moment on, this third party will have the condition of party concerned to the effects of notifications, arguments in defence, allegations, proposals, sifting of evidence and right of appeal.

Article 37. Provisional Measures

If an infringement appears to have been committed and a decision on the main issue cannot be made in an expeditious manner, the hearing body may, in emergency situations, provisionally issue, alter or revoke a sanction. In provisionally issuing a sanction, the hearing body is entitled to consider the extenuating and aggravating factors and circumstances of Articles 16 and 17. In similar circumstances, the hearing body may take other provisional measures at its sole discretion, especially to ensure compliance with a sanction already in force. The hearing body will take action upon request or ex officio. The hearing body may provide the operative part of the decision.

Once the proceeding has been initiated and at any time therein, the hearing body empowered to commence it may adopt the provisional or conservatory measures it deems appropriate, in order to maintain the orderly legal procedures and to ensure the effectiveness of the ruling that will be issued. If the circumstances so dictate, the hearing body may decide to hear the parties.

A provisional or conservatory measure can apply for up to 30 days and its duration will be deducted from the final sanction. The hearing body may, exceptionally, extend the validity period of a provisional or conservatory measure for up to 10 days.

Article 38. Imposing Sanctions

Sanctions may only be imposed by virtue of a proceeding opened to that effect in accordance with the provisions established in this Chapter IV. If, once a proceeding has been initiated, the offender recognises their responsibility, the proceeding may be resolved with the imposing of the corresponding sanction.

Sanctions imposed through the proceedings will be enforced immediately.

Disciplinary decisions are final and not subject to appeal, except for decisions of the Disciplinary Judge and the Appeals Judge – or the Appeals Panel when appropriate. However, a ruling made following exceptional proceedings under Article 48 will not be subject to appeal under any circumstances.

Article 39. Notifications of the Decisions

All decisions and rulings issued in proceedings affecting the parties concerned therein will be notified to them in the shortest possible time by email.

Notifications must contain the whole text of the ruling with the indication of whether or not it is final, a reference to the possible appeal, the body to which it would be necessary to submit the appeal, and the corresponding deadline.

Rulings that involve Individuals will be sent to the clubs concerned by email.

A party may request that a decision or ruling remain confidential. However, the Companies have sole and final discretion whether they decide to publish a decision or ruling in full, its operative part, and/or a summary or a press release setting forth the results of the proceedings.

Article 40. Costs of the Proceedings

The costs of the proceedings filed with the Euroleague Basketball CEO are responsibility of EP.

The costs of the proceedings filed with the Disciplinary Judge will generally be the responsibility of EP, except for the proceedings initiated at the request of the party concerned. If it is the latter case, the fee for the right to protest or file a complaint may be deducted from the costs of the proceedings or even refunded.

The costs of the proceedings in the second instance filed with the Appeals Judge or Appeals Panel must be divided fairly between the parties to the proceeding depending on the result. The fee for the right to appeal may be deducted from the costs of the proceedings or even refunded.

The costs of the proceedings filed with the Finance Panel must be divided fairly between the parties to the proceeding depending on the result.

SECTION II: PROCEDURES

SUBSECTION I: Procedures for minor and serious infringements under the material scope of Article 3.1

Article 41. Jurisdiction Based on the Type of Infringement

41.1. Minor Infringements: Sanctions resolved for acts regarded as minor infringements under the material scope of Article 3.1 will be imposed by the Euroleague Basketball CEO in accordance with the procedure established in Article 44.

41.2. Serious Infringements: Sanctions resolved for acts regarded as serious infringements under the material scope of Article 3.1 will be imposed by the Disciplinary Judge in accordance with the procedure established in Article 45 and, in the case of appeals, by the Appeals Judge or – where appropriate – the Appeals Panel.

Article 42. Commencement of Proceedings

In opening proceedings upon receiving the allegations or being informed of an alleged infringement, the Euroleague Basketball CEO may resolve to have evidence collected before ordering the commencement of proceedings or the closure of the case.

Orders to conclude proceedings must include the grounds that justify them and the corresponding decisions with reference to any accusers involved.

Article 43. Examining Official

The Euroleague Basketball CEO will commence the proceedings by appointing the Examining Official that will be in charge of them.

The Examining Official will draw up a case report on the evidence, deciding whether the alleged infringement is minor or serious, and the procedure to be followed.

Article 44. Procedure for Minor Infringements

44.1. If the Examining Official considers that the case constitutes a minor infringement, the party concerned will be informed of the opening of a proceeding, the alleged infringement, the articles allegedly breached, the articles to be applied, and any sanction that may be imposed.

44.2. The party concerned will be entitled, within a period of 72 hours from receipt of the notification, to make any appropriate arguments in defence, adjoining any pertinent evidence in support of them. After this period the Examining Official will not admit any further arguments in defence other than those specially requested by him

or her, and the examining procedure will then be regarded as completed.

- 44.3. When the corresponding arguments in defence have been made, or the time allowed for them has elapsed, the Examining Official will make a report on the case to the Euroleague Basketball CEO, who will then make the decision that brings the proceeding to a close. The decision will contain an account of the facts of the infringement, the corresponding articles and the sanction imposed. It must be sent in writing to the parties concerned, directly or through the club to which the person concerned belongs.
- 44.4. Before making a decision, the Euroleague Basketball CEO may issue a resolution requiring and explaining further proceedings deemed essential for the purposes of reaching a decision; the parties concerned will be notified of this and granted 48 hours to present their arguments in defence.
- 44.5. The decisions for minor infringements sanctioned according to Article 25.2 a) or 25.2 b), which are made by the Euroleague Basketball CEO, are final and not subject to appeal.

Article 45. Procedure for Serious Infringements

- 45.1. If the Examining Official considers that the case constitutes a serious infringement, the party concerned and the Disciplinary Judge must be informed of the opening of a proceeding with an account of the facts, the corresponding circumstances, the alleged infringement(s), the articles allegedly breached and the articles to be applied.
- 45.2. After this proceeding has been opened, the Disciplinary Judge may explain and order ex officio any provisional measures deemed necessary.
- 45.3. The Disciplinary Judge may order any enquiries deemed conducive for clarifying the issue, requesting, if appropriate, any reports or collection of evidence required for determining the infringements liable to sanction; the parties concerned may propose the collection of further evidence or submit directly any evidence of interest for deciding the case within four calendar days from the notification mentioned in Article 45.1.

The Disciplinary Judge may admit or reject any evidence deemed pertinent through a resolution stating the grounds of admission or refusal thereof. If the Disciplinary Judge deems, at his sole discretion, that a hearing of the admitted evidence is required, he

will order this to be held within three days, notifying the parties concerned, well beforehand, of the place, date and time for the hearing.

The Disciplinary Judge is entitled to decide to extend when necessary the period set for handling the case.

- 45.4. In light of the proceeding undertaken, the Disciplinary Judge will rule on the immediate dismissal of the case or continue the proceeding. The defendant will then have three calendar days to present arguments in defence.

In the event that the Disciplinary Judge considers that the infringement is minor, he will remit the proceeding to the Examining Official, so that the Examining Official continues with the proceeding and requests that the parties make any appropriate arguments in defence.

- 45.5. When arguments in defence in response to the writ have been submitted, or when the time for presenting them has expired, the Disciplinary Judge may issue a resolution requiring and explaining further proceedings deemed essential for the purposes of making a decision, or will issue the decision that brings the proceeding to a close. The decision, which will contain an account of the facts of the infringement, the articles applying to it and the sanction resolved, will be sent in writing to the parties concerned, directly or through the corresponding club.

SUBSECTION II: Procedures for all infringements under the material scope of Article 3.2

Article 46. Jurisdiction

Infringements within the material scope of Article 3.2 will be heard and resolved by the Disciplinary Judge in accordance with the ordinary proceeding set forth in Article 47, and in exceptional circumstances, Article 48. In the case of appeals, when established, such infringements will be heard and resolved by the Appeals Judge or – where appropriate – the Appeals Panel.

Article 47. Ordinary Proceedings

- 47.1. The ordinary proceedings will be initiated by the Disciplinary Judge in the following cases:
- a) Ex officio: automatically from the incidents mentioned on the scoresheet of the game and the complementary reports of the

officiating crew; or at the request of the Euroleague Basketball CEO, who notifies the Disciplinary Judge and the party concerned of a supposed infringement committed during the game.

- b) Under protest pursuant to Article 49 of this Code.
- c) At the request of any party concerned regarding an incident not reflected on the scoresheet: any such complaint must be sent to the Euroleague Basketball office and include any relevant facts as well as the proof of payment of a fee of 300 euros to EP for the right to protest.

- 47.2. The scoresheet of the game, all the complementary reports, complaints, arguments in defence and/or the complete text of the protest must be sent to the Disciplinary Judge within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.
- 47.3. The Disciplinary Judge will also accept the arguments in defence, allegations, reports and evidence provided by the parties concerned regarding any incident or anomaly concerning or related to a game or competition, provided that they are presented within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.
- 47.4. After this period of time, the Disciplinary Judge will accept no further reports, complaints, arguments in defence, allegations, or evidence other than those he may expressly request.
- 47.5. The Disciplinary Judge will make a summary examination of the facts necessarily bearing in mind the scoresheet of the game, the complementary reports of the officiating crew, and, if necessary, of the Euroleague Basketball delegate(s) at the game, the allegations or arguments in defence of the parties concerned and any other evidence he might deem valid.
- 47.6. The presumption of truthfulness will be applied to the scoresheet of the game, together with any complementary reports of the officiating crew and the Euroleague Basketball delegate(s) at the game, though these documents can be contested by any means of evidence admitted by law.
- 47.7. Any other evidence available will also be admissible, including, but not limited to, videos, DVDs, films, pictures or any other audiovisual formats. The Disciplinary Judge has full freedom in assessing and evaluating all evidence provided. For this purpose, he may carry out as many actions as necessary for examining the facts.

- 47.8.** The hearing stage will be considered initiated with the submission of the scoresheet of the game or the complaint to the club or the party concerned within the time established in Article 47.3.
- 47.9.** If any of the reports referred to in the previous Article 47.3 and Article 47.4 are involved, the Disciplinary Judge, before issuing judgment, must pass the content thereof to the parties concerned so that they make any arguments in defence they consider appropriate within 24 hours following the receipt of the notification.
- 47.10.** Likewise, before issuing a ruling, the Disciplinary Judge may reasonably decide to carry out complementary actions essential for resolving the proceeding, informing the parties concerned that they will have a period of 24 hours to present their arguments in defence against these complementary actions.
- 47.11.** The Disciplinary Judge will make the ruling within seven days from the time he considers that the exchange of communications is complete.
- 47.12.** In the ruling, the Disciplinary Judge will record the fact constituting the infringement, the articles of application and the imposed sanction. The ruling will be notified in writing to the parties concerned either directly or through the club to which the sanctioned person belongs, indicating any possible appeal against the ruling, as well as the bodies and time periods for such an appeal.

Article 48. Exceptional Proceedings

If during a round-robin phase, a game is to be played within three days following the game whose facts caused the opening of a proceeding, the exceptional proceedings will follow the procedure for the general proceedings, except for the following:

- a) The time periods established in Articles 47.2 and 47.3 will be reduced to 90 minutes following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.
- b) The time periods established in Article 47.9 will be reduced to 12 hours.
- c) The Disciplinary Judge will make his ruling as promptly as possible, always within 24 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game.

The same exceptional period will apply to any other phase not played with a round-robin format.

Article 49. Signing of the Scoresheet

Without prejudice to Article 6, the team head coach or the team captain may sign the official scoresheet of a game in protest of an event that took place during the game that in the opinion of the club may have adversely affected the result of the game and therefore the interests of the club. The procedure for the protest will be as follows:

In order to be valid, a protest must:

- a) be made during the first time the ball is dead following the decision or incident that is the reason for the protest. If the incident to be protested occurs whilst the ball is dead, the protest must be made at this moment. When the protest is regarding an incident that occurred in the last game action, it must be made before the crew chief signs the scoresheet.
- b) be signed in the space provided on the scoresheet. Detailed explanations are not necessary. It is sufficient that the club, identifying itself correctly, explains briefly that the protest is against the result of the game or against an event that took place during the game. The club must present the full text of its protest within 48 hours following the receipt of the scoresheet at the Euroleague Basketball office at the end of the game, including the proof of payment of 300 euros to EP for the right of protest. A proceeding will be opened. This proceeding will be conducted in accordance with Article 47.

If another game is to be played within three days following one in which the scoresheet has been signed under protest, the club must present the full text of its protest within 90 minutes following the receipt of the scoresheet that has been signed under protest at the Euroleague Basketball office at the end of the game. This proceeding will be conducted in accordance with the Exceptional Proceedings established in Article 48.

SUBSECTION III: Game-Related Situations

Article 50. Anomalies between the Result of a Game and the Scoresheet

When the crew chief's report or any complementary report shows (i) that the score registered on the scoresheet is abnormal or incorrect or (ii) that the officiating could not be carried out without coercion, due to the threatening attitude of the spectators or other circumstances that created concern for the physical well-being of the officials, the Disciplinary Judge will determine whether the game should be replayed totally or partially, and under what conditions, as well as any compensation that may follow, or whether one team loses the game by the result of zero to twenty (0-20) and, when applicable, the playoff or two-game total point series, without prejudice to the sanctions that might apply.

The procedure applicable to anomalies between the result of the game and the scoresheet will be that of Article 47, or if the circumstances so warrant, Article 48.

Article 51. Suspension of the Game

For all instances when a game is suspended under Articles 30 to 33 of the EuroLeague Regulations or Articles 26 to 29 of the EuroCup Regulations, the Disciplinary Judge will decide at their own discretion whether the game should be replayed totally or partially, and under what conditions, or whether the result remains as it was at the moment of the suspension or whether one of the teams loses by the result of zero to twenty (0-20). In addition, the Disciplinary Judge may decide on any applicable compensation, without prejudice to sanctions or any other appropriate measure that might apply. The procedure applicable to this article will be that of Article 47, or if the circumstances so warrant, Article 48.

SUBSECTION IV: Procedures for all infringements under the material scope of Article 3.3

Article 52. Jurisdiction

Infringements within the material scope of Article 3.3 will be heard and resolved by the Management Control Commission and the Finance Panel pursuant to the provisions set forth in the following articles.

Article 53. Monitoring Phase

53.1. The Management Control Commission, as a consequence of its duties, will monitor the financial position of a club. For this purpose it may collect all relevant evidence from the club.

The club may provide any type of evidence to support its case. In principle no hearings are held. Upon written request from the parties concerned, the Management Control Commission may decide to hold a hearing with oral arguments at the place that it will determine. All costs derived from this hearing will be covered by the requesting party.

53.2. After all evidence has been collected, the Management Control Commission will assess the entire proceeding and may:

- a) dismiss the case;
- b) conclude, with the consent of the club, a settlement agreement as per Article 54;

- c) apply, with the consent of the club, disciplinary measures limited to a warning or a fine of up to a maximum amount of 100,000 euros;
- d) refer the case to the Finance Panel.

The decision of the Management Control Commission will be notified to the club in writing.

Article 54. Settlement Agreement

The Management Control Commission may conclude a settlement agreement with the consent of the club in order to establish a compliance plan to be fulfilled by the club, which will include the following, depending on the reason for its implementation:

- a) A feasibility plan that enables the club to guarantee a balanced budget between revenues and expenses.
- b) A proposal for actions to recover the balanced equity of the club and completion deadlines.
- c) Debt payment scheme.
- d) The possible application of disciplinary measures.

The completion period of the plan may not exceed three seasons. During the assessment process, the Management Control Commission may request the information considered appropriate to check the compliance status of the plan. The failure to comply with the requirements established herein will be considered as a new infringement. The Management Control Commission may establish the consequences of this non-fulfilment in the settlement agreement.

Article 55. Adjudicatory Proceeding

- 55.1.** The Management Control Commission may decide to refer a case to the Finance Panel. The report of the Management Control Commission regarding the case will include a summary examination of the facts, an outline of the gathered evidence, a reference to the allegedly breached provisions and a proposal as regards the final decision of the Finance Panel, including, if appropriate, any disciplinary measures.
- 55.2.** The Finance Panel will inform the club of the opening of an adjudicatory proceeding, with an account of the facts, the corresponding circumstances, the alleged infringement(s), the allegedly breached articles and the articles to be applied.

55.3. The Finance Panel will inform the club that it will be entitled to submit its written observations within a suitable time limit. After these, no further documents may be submitted except under exceptional circumstances and with the consent of the Finance Panel.

In principle no hearings are held. Upon written request from the parties concerned, the Finance Panel may decide to hold a hearing with oral arguments at the place that it will determine. All costs derived from this hearing will be covered by the requesting party.

55.4. The Finance Panel will issue the ruling within 30 days from the time it considers that the exchange of communications is complete.

55.5. In the ruling, the Finance Panel will record the facts constituting the infringement, the articles of application and the imposed sanction. The ruling will be notified in writing to the parties concerned either directly or through the club to which the sanctioned person belongs, indicating any possible appeal against the ruling, as well as the bodies and time periods for such an appeal.

55.6. The Finance Panel will issue its resolution in writing, in which it may:

- a) dismiss the case; or
- b) impose the corresponding disciplinary measures.

55.7. In urgent cases, the operative part of the final decision may be communicated to the defendant before the fully reasoned decision. The decision will be enforceable from the date of the notification of its operative part.

55.8. The decisions of the Finance Panel are final and may be directly appealed to the Court of Arbitration for Sport in accordance with Article 57.

SUBSECTION V: Appeals

Article 56. Internal Appeals

56.1. The rulings of the Disciplinary Judge and the Euroleague Basketball CEO may be appealed to the Appeals Judge – or the Appeals Panel according to Article 56.4 below and subject to the rule of Article 38 – by the Examining Official or the party concerned, in a time of 10 calendar days starting from the day following the notification of the ruling. Notwithstanding this, if the ruling affects the qualification of a team for a different phase of the competition the Disciplinary Judge may reduce the time periods for the appeal to be submitted.

56.2. Exceptions to the foresaid, i.e. the sanctions that may not be appealed against, are the following ones:

- a) Warning.
- b) Fines of up to 5,000 euros (including this amount) for sanctions under the material scope of Article 3.2.
- c) Fines of up to 30,000 (including this amount) for sanctions under the material scope of Article 3.1.
- d) Sanctions imposed by virtue of the exceptional proceedings of Article 48 in non round-robin phases.

Appeals against rulings that are not express may be submitted in the time of 15 calendar days starting from the day following the one on which the claim or allegation has been considered dismissed.

56.3. The Appeals Judge will deal in the second instance with the appeals presented against the rulings of the Disciplinary Judge that do not fall under Article 56.4 below.

56.4. Appeals against permanent disqualification, disqualifications for three or more games, prohibition from having access to the arenas for more than one year, a sanction of three or more games played behind closed doors, and fines exceeding 20,000 euros, will be heard by the Appeals Panel. The Appeals Panel will be comprised of three judges, and the Appeals Judge will be the President of the Panel.

If a ruling by the Disciplinary Judge has imposed two or more sanctions, each of them will be appealed in accordance with the respective procedures. Notwithstanding the above, if these two or more sanctions are based on the same factual grounds and/or legal arguments, the Appeals Panel may consolidate the proceedings.

56.5. All appeals must include:

- a) Name and surnames of the party concerned or the person acting on its behalf.
- b) The act that is appealed against and the facts giving rise to the appeal, and also the list of evidence that, proposed in the first instance in due time and form, was not examined.

- 56.9.** In principle no hearings are held. Upon written request from the parties concerned, the Appeals Judge – or the Appeals Panel when appropriate – may decide to hold a hearing with oral arguments at the place that the Appeals Judge – or the President of the Appeals Panel when appropriate – will determine. All costs derived from this hearing will be covered by the requesting party.
- 56.10.** The express resolution of appeals must occur in a time of no more than 30 calendar days. In all cases, if 30 calendar days pass without there being any resolution or notification concerning the appeal submitted, it will be understood that the appeal has been dismissed, and the appellant may resort to the corresponding legal procedure. If there were exceptional circumstances in the course of the appeals proceedings, the Appeals Judge or Appeals Panel may decide to extend the time limit established in this article.
- 56.11.** The resolution of the appeal will confirm, revoke or modify the appealed ruling and, in case of modification, may cause no further damage to the party concerned, should this party be the only appellant.
